Press Delegates Now Are Moving West on Way to This Coast

Imperial Press Conference Men on Steamship on Way to Head of Great Lakes From Sarnia; Schedule Calls for Arrival in Victoria August 27.

Sarnia, Ont., Aug. 13.—The delegates to the Imperial Press Conference are on their way to the prairies and the Pacific Coast, having left here last night on the steamship Hamonic for Port Arthur. From the head of the lakes they will travel to Winnipeg, which city they are scheduled to reach Sunday morning.

Viscount Burnham, speaking at a luncheon given by the Sarnia Chamber of Commerce in his honor, said: "We are proud of Great Britain and not ashamed of the British Empire. It stands for peace, justice and liberty and has nothing in common with the ramshackle empires of the past."

Viscount Burnham referred to the spirit of co-operation and the feeling which had the interests of the commonwealth at heart as the only means by which a British citizen could become of the highest type.

Concluding his visit to Winnipeg, the press party will leave on Tuesday next and will visit Portage la Prairie and Carberry the same day and motor to Brandon.

Regina and Moose Jaw will be visited August 18, and Calgary will be reached August 19, after the party will spend two days at Banff and one at Lake Louise and Lake Windermere. Vernon and Sicamous, August 24, and Vancouver, August 25, for a two days' stop, then to Victoria, August 27, which will complete the westbound journey.

The party will return through Jasper and Wainwright, reaching Edmonton, September 1; Saskatoon, September 2; Winnipeg, September 3; Cochrane, September 4; Timmins, New Liskeard and Cobalt, same day. A day will be spent at Huntsville and the Big Wit Inn, September 7, and the party will go to Toronto next day to attend the Toronto Exhibition.

From Prescott to Quebec, the party will travel by steamer to connect with transatlantic liner at Quebec about September 12.

As a Chief.

Calgary, Aug. 13.—Gleichen has the stage all set for the reception and entertainment of the Imperial Press Conference party next Thursday.

(Continued on page 4.)

ON CAMPAIGN TO MAKE SCOTLAND DRY

George Bell, M.P.P., Left Today; Situation of Temperance Vote There

With the object of speaking on behalf of prohibition in Scotland, George Bell, M.P.P., left Victoria this afternoon. He will proceed direct to Toronto, and after spending two or three days there in consultation with members of the Dominion Alliance, whose representative he will be in Scotland, he will sail from Montreal on the Corsican.

During September, October and November, Mr. Bell will speak on prohibition throughout Scotland, returning home early in December.

Mr. Bell explained to The Times this morning the temperance situation in Scotland. An act had been passed in August, 1913, he stated to take effect June 1, 1920 similar to the Canadian Local Option Act.

"Any burgh, ward, or parish may bring on a vote on presentation to the proper authorities of a requisition signed by ten per cent. of the electors in the voting area. The ballot will read: 1, no license; 2, reduced number of licenses; 3, no change."

To carry the first the drys must have 55 per cent. of the vote polled, or 25 per cent. of the total number of names on the voters' lists. To carry the second, which would mean a 25 per cent. reduction of present licenses, requires a simple majority. But this must also have 35 per cent. of the possible vote, which in Mr. Bell's opinion is a severe provision not easy of attainment.

Mr. Bell does not expect to see the prohibition plebiscite in British Columbia voted upon till November. "While there is a lot of talk about Government sale, I am certain that the Prohibition Act as amended will be continued," he said, "for the simple reason that nearly everybody is anxious to do the right thing, the best thing for themselves and their province."

Mr. Bell has conducted temperance campaigns in New Zealand and Ontario.

ONTARIO M.P.'S WHO SUPPORT MINISTRY TO HOLD MEETING

Ottawa, Aug. 12.—Matters of considerable importance will come up for discussion at a meeting of members of the Commons and Senators from Ontario, supporters of the Government, scheduled for next Wednesday at 10 a.m. in the Parliament Buildings. One of the items to be discussed is organization of Government forces throughout the Province.

PRICE OF BREAD RISES THROUGHOUT THE DOMINION

Ottawa, Aug. 13.—The price of bread in Canada, taking the whole Dominion for an average, increased during June to the extent of nearly half a cent per twenty-four ounce loaf. Flour increased in cost 5 cents a barrel, equivalent to 1/4 cent a pound, or about 2-3 per cent. per twenty-four ounce loaf.

The total average cost of bread throughout the Dominion was \$3.55 a pound, equivalent to 12 1/2-13 cents per 1 1/2 pound loaf.

COLORADO RE-UNION OF MAN AND WIFE AN UNUSUAL AFFAIR

Cripple Creek, Colo., Aug. 13.—Walking thirty miles over the mountains in a storm when it was hot, his wife and child, Mrs. Ziensenhenn, rejoined her husband, who had been missing for twelve years, during which Mrs. Ziensenhenn had re-married and become a widow. The man had suffered loss of memory for twelve years.

Allege Coal Combine Has Existence in City

A combine of Victoria coal dealers brought such pressure to bear upon the Granby Consolidated Mining and Smelting Company that it finally refused to supply the United Co-operative Society here with coal, and as a result the society had been unable to continue in the coal business, according to evidence laid before the Board of Commerce which held a session in the City Hall this morning.

Complaints concerning the local coal dealers' alleged action in having the Co-operative Society's coal supply cut off, and protest against an alleged trust of Vancouver hardware jobbers who were preventing local hardware dealers from getting supplies, formed the chief topics of discussion during the session. As only a dozen people were present to lay matters before the board no further public sessions will be held. The board, however, will consult this afternoon with the gentlemen who lodged these complaints, so that the latter can decide whether or not they will lay formal complaints, looking to prosecutions.

NOTE FROM FRANCE TO THE STATES ON POLISH SITUATION

Paris, Aug. 13.—The French Government is sending a note to the United States expressing pleasure that the French and American views on the Russo-Polish situation are "in complete accord," it was learned to-day.

MAN ON PLEASURE TRIP DIED ON BOAT

Vancouver, Aug. 13.—Bound for Montreal on the P. G. E. on a fishing trip, Edward A. Harris, of Moncton, N.B., was taken ill on the steamer Ballena Thursday morning and died. Dr. W. G. Roberts, of Britannia, pronounced heart failure as the cause of death.

VENEZUELOS TO LEAVE HOSPITAL SOON

Mr. Sheret, who owns a wholesale plumbing supply house here, told the board that a combine existing in Vancouver was endeavoring to prevent him from securing goods. The board was endeavoring to prevent him from securing goods. The board was endeavoring to prevent him from securing goods.

Greek Premier, Wounded by Assailant, May Be Out in Three Days

Paris, Aug. 13.—Premier Venizelos, of Greece, who was wounded yesterday when fired upon by two assailants, spent a good night in a hospital, and is in no danger, it was announced to-day. The bullet, which lodged in his shoulder, was extracted this morning.

The attending physicians issued this bulletin: "A ball which had broken into four parts and lodged in the muscles of the rear wall of the left arm pit has been extracted under the X-ray. The condition of Premier Venizelos is very satisfactory, but absolute rest is necessary."

NOME PLANES AT HAZELTON TO-DAY

Hazleton, B. C., Aug. 13.—The four United States army aeroplanes, bound from Mineola, N.Y., to Nome, which left Prince George this morning, landed here at noon to-day. The first plane landed at 12:10 o'clock and the others followed within a minute.

TO MAKE FLIGHT.

San Diego, Cal., Aug. 13.—Announcement of the twenty-two aeroplanes of the United States Pacific fleet detachment based at the North Island Naval Air Station, will make a flight from San Diego to Panama, starting January 5, was made last night.

Smuggling of Jewels Into U.S. by Soviet Unearthed

Washington, Aug. 13.—(Associated Press)—More than 100 diamonds, supposed to have been part of the famous jewels of the Russian royal family and addressed to "Comrade Martens," have been intercepted by customs officials while en route from Soviet Russia to the United States, according to evidence introduced at the deportation proceedings against Ludwig C. A. K. Martens, self-styled Soviet ambassador to this country.

Details of a regularly established courier service between Bolshevik agents in Sweden and Soviet representatives in New York by which large quantities of jewels have been transported for six months past also have been introduced in the testimony by the Government, it became known to-day at the Department of Justice.

The diamonds, numbering 131 in all, were seized July 22 by the customs authorities in New York from a Swedish sailor, Neil Jacobson, who attracted suspicion as he was leaving the Swedish steamship Stockholm. The sailor also was said to have had in his possession a package containing a large amount of Communist literature, including an "Appeal of the Executive Committee of the Comintern."

VOTES FOR WOMEN.

Nashville, Tenn., Aug. 13.—The Tennessee Senate to-day ratified the woman suffrage amendment. The vote was 25 to 4.

SAYS LIBERALISM COUNTRY'S HOPE

Hon. W. L. Mackenzie King Scores Government in Speech in Paisley, Ont.

Declares Present Evils Must Be Remedied by a General Election

Paisley, Ont., Aug. 13.—Declaring that the National Liberal and Conservative Party was the same old-fashioned Tory party of high tariffs and that the Government was turning the established procedure of Parliament into an autocracy, Hon. W. L. Mackenzie King, in a speech to an audience of Bruce County people here last night, took occasion to reply to the declaration of the Prime Minister, Hon. Arthur Meighen, in his enunciation of the policy of the Government party at Stirling last Wednesday.

He scored the Prime Minister's attitude toward the country at large as autocratic and lofty, picturing him as walking down the middle of a highway, ignoring those on either side. "I am reminded," he said, "of the Pharisee who kept to the middle of the road without allowing his garments to be touched by suffering humanity. There was another figure in the parable, that of the Samaritan, who wished to play the role of the Pharisee, but he was content that the party lead shall take the part of the Good Samaritan and do what it can to bind the wounds and better the conditions of humanity."

Mr. King, in a speech of nearly two hours, reviewed the record of the Government.

"Liberalism and Conservatism have nothing in common," he declared. "You might just as well have a national wet and dry party, a national milk and water party, or anything else. They are trying to monopolize the names of all parties, but it is the old Tory party of high tariffs hiding under a number of aliases which they keep changing to deceive the people as to their aims."

Mr. King continued to look at the record of Premier Meighen's party (Continued on page 4.)

ADVISORY BOARDS FOR PENSION ACT CHOSEN

Announcement is made by the Hon. J. W. Farris, Attorney-General and Minister of Labor, to-day of the appointments of a number of the local advisory boards under the provisions of the Pension Act. It will be the duty of these boards to co-operate with the Superintendent in charge of the administration of the Act and to give him such assistance as he may require in his duties.

The following will comprise the boards in nine provincial districts: Others will be appointed at an early date.

Vancouver—Mrs. Robert McNair, Mrs. James Allan Clark and Mrs. Ida Sheargreen.

Prince Rupert—Mrs. Helen Douglas Smith, Mrs. Maud Mary Dorgan and Mrs. Christina Shanks Forrester.

Revelstoke—Mrs. Cora Ward, Mrs. Edith Mary Hobson and Mrs. Sarah A. Dickey.

Nanaimo—Mrs. George B. Brown, Mrs. Margaret A. Neave and Mrs. Maude Woodcock.

Port Moody—Mrs. Iva C. Wood, Mrs. Anna Duthie and Mrs. Louise Clara Workman.

Rosland—Mrs. Margaret Ann Woodward, Secretary of the Trades and Labor Council, and representing also the Soldier-Labor Council. Mr. Woodward stated that these two

LIBERAL LEADER TO SPEAK SEPT. 23

Hon. W. L. Mackenzie King Will Address Meeting Here During Western Tour

Hon. W. L. Mackenzie King, M. P., Leader of the Federal Liberal Party, will arrive in Victoria September 23, and will speak here that evening.

The date will be acceptable in this city for Mr. King's visit, according to W. M. Ivel, President of the Victoria Liberal Association. Mr. Ivel stated to The Times this morning that the date, falling within the Fair Week, would enable many local and visitors to hear the Leader of the Opposition.

The arrangements for the meeting will be put in hand at once, and will be along the lines of those planned when Mr. King contemplated a visit last January, but was unable to complete his western tour owing to the session of the Commons then commencing.

LIQUOR PENALTIES IN MONTREAL CITY

Montreal, Aug. 13.—A tightening up in the prohibition regulations in this city was evident yesterday when the Russell Hotel and a club lost their licenses for infractions of the law, in addition to paying fines, while a number of other institutions were fined for breach of the law.

The License Commission at its meeting decided that no licenses could be granted to new applicants. It was asked to grant twenty-six new licenses and refused to do so. The verdict of the Commission was that most of the new applications are not clubs in the true sense of the word but just organized to sell liquor after hours and the Commissioners therefore were unanimous in refusing any further applications.

SLIGHT ACCIDENT BEFALLS THE POPE

Rome, Aug. 13.—(Associated Press)—Pope Benedict met with a slight accident to-day, slipping on a polished marble floor while going from his bedroom to his private library. The Messenger states. He sustained a slight abrasion of the skin of the knee.

LIQUOR SALES ABOUT DOUBLE 1918 TRADE

Eight-ounce Law Has Been Responsible For Startling Reduction

In spite of the fact that the operation of the eight ounce prescription law already has been responsible for a startling reduction in the business transacted at the two principal official vending stores in comparison with that disclosed by the Government returns before the amending sections of the Prohibition Act came into force, figures made public by Commissioner James Selater this morning show that in July, 1918, when there was neither limit upon the quantity of prescriptions that might be issued nor upon the quantity prescribed the turnover was approximately half that of July of the present year.

During the month which closed on July 31 last the liquor sales at the Victoria store amounted to \$3,256.59, whereas in the corresponding month of 1918 the turnover was \$1,499.40, and in 1919, \$1,897.03. In June of this year, during the first two days of which a few of the May two-ounce prescriptions were honored, the sales totalled \$4,348.95.

From these comparisons, therefore, it is taken for granted that the month of July may be regarded as a normal month under the effect of the amendments passed at the recent session of the Legislature, and while the "health" of the Province is able to depend to an unlimited extent upon the importation of "medicine" from the outside.

Victoria's sales for May of the present year, amounting to \$35,709, show how popular the two-ounce prescription has become, in spite of the added importation facilities which were returned to the Provinces on the abolition of war time restrictions at the commencement of this year.

Vancouver Sales.

July sales at the Vancouver store totalled \$3,392.53 as against \$4,777.47 for the corresponding month two years ago, and \$75,363.23 of last year. In June of this year the sales amounted to \$12,557.61, and in May, \$114,225.71.

At Nanaimo the July returns disclose business to the extent of \$84.70 only; in June, \$353.10, and in May, \$5,884.35. In July, 1919, the turnover amounted to \$1,107.30. In 1918 there was no record of official Government liquor supply for "suffering" Nanaimites.

Prince Rupert's July sale is represented in the insignificant figure of \$29.20 as against June's turnover of \$988.87, and May's \$3,183.87. No dispensary had been opened in Prince Rupert last year.

AMERICAN OFFICERS KILLED IN HAITI

Washington, Aug. 13.—Captain Thomas L. Edwards, Baker City, Ore., and Lieut. James G. Bowen, Baltimore, Md., both of the marine corps, were killed in an aeroplane accident at Mirebalais, Haiti, August 9, it was announced to-day at Marine Headquarters.

There are thirteen persons in the royal party, he has a suite of thirteen rooms at his hotel here, he was number thirteen at the royal table on board ship and he said the reason he booked passage on the Korea Maru was that he expected to arrive here on Friday, August 13.

PRINCE CAROL, NOW IN STATES, DOES NOT FEAR NUMBER 13

San Francisco, Aug. 13.—Carol, the Crown Prince of Roumania, who is a visitor in San Francisco on his world tour, shares not in the belief that thirteen is an unlucky number.

There are thirteen persons in the royal party, he has a suite of thirteen rooms at his hotel here, he was number thirteen at the royal table on board ship and he said the reason he booked passage on the Korea Maru was that he expected to arrive here on Friday, August 13.

TEXAS ICE FINE \$10 PER POUND

Dallas, Tex., Aug. 13.—Ten dollars a pound for ice might be a fair price in some section of the world, but when a Dallas judge announced that local ice-men would be fined that amount for each pound under weight they are convicted of selling customers a record price for the commodity was established here.

Plans Being Made for Meeting of Allied Chiefs

Paris, Aug. 13.—Plans are under consideration for a renewal of the conference between Premier Lloyd George and Premier Millerand, it was learned to-day. It was said that others might also attend.

London, Aug. 13.—The opposition of British labor to assistance in the war against Russia was voiced to-day with unanimity at a conference representing all elements of the workers. Resolutions adopted "hailed with satisfaction" the Russian Government's declaration in favor of the complete independence of Poland and pledged the British Labor Party to resist any form of military intervention.

Soviet Chiefs Have Refused to Discuss Terms, State Poles

Under Pretexes Bolsheviki Have Continued to Carry On Hostilities, Secretary of League of Nations Is Informed by Polish Foreign Minister.

Warsaw, Aug. 13.—Responsibility for continuance of the fighting in Poland was placed to-day on the Russian Soviet Government by Prince Eugene Sapieha, Polish Foreign Minister, in a telegram sent to Sir Eric Drummond, General Secretary of the League of Nations. The Foreign Minister's telegram was as follows:

"As a member of the League of Nations, the Polish Government thinks it is its duty officially to inform the League that the attitude of the Russian Soviet Government has made a cessation of hostilities impossible."

"This is true notwithstanding the fact that the Polish Government's declaration to the Supreme Council on July 6 emphasized its desire for peace, and notwithstanding reiterated efforts to obtain an armistice and a just and lasting treaty."

POLISH DELEGATES WILL BE SENT

Peace Commissioners Will Leave Warsaw To-morrow to Meet Bolsheviki

Warsaw, Aug. 12.—(Associated Press)—Polish commissioners with authority to negotiate a preliminary treaty of peace expect to leave Warsaw early Saturday to meet Soviet delegates somewhere on the road between Warsaw and Brest-Litovsk, the Foreign Office announced to-day. The meeting will take place between five and seven p. m.

After meeting the Soviet delegates, the Polish commissioners probably will be taken to Minsk, where the peace conference is expected to take place.

The two-man mission that went to the front to inform the Bolsheviki that Poland wished to send peace delegates returned to-day and there is a more confident feeling than has been prevalent during the past fortnight. High officials said they considered the fall of the city now out of the question.

Polish marks, which recently have been selling at \$2.70 for \$1, rose to \$1.75.

BUSH FIRES RAGE NEAR VANCOUVER

Six on North Shore of the Inlet; Smoke Fills the Air

Vancouver, Aug. 13.—Vancouver continues to be enveloped in a heavy smoke cloud and six bush fires are reported raging on the north shore. There were four in Lynn Valley, one at the foot of Grouse Mountain, and another on the plateau.

More than a hundred men, including fire wardens and volunteer residents from the immediate vicinity, are putting forth every effort to check the fire in the Lynn district. The whole of the north shore is obscured with smoke and ashes and cinders are being carried miles in every direction. A second pumping engine was called into action.

THREE OTHERS ARE ARRESTED IN BOSTON

Heads of Exchange Company Charged Following the Ponzi Crash

Boston, Aug. 13.—Charles S. Brightwell, Raymond Meyers and Charles C. Meyers, described as president, secretary and manager respectively of the Colonial Foreign Exchange Company, were arrested to-day, charged with conspiracy to defraud as a result of the investigation of sensational financial methods which struck the inquiry into operations of the Securities Exchange Company, of which Charles Ponzi was the leading figure. The Old Colonial Foreign Exchange Company recently began business with offices in this city and branches in many parts of New England. It followed the lead of Ponzi in promising unusual returns on notes, the offer in this case being 100 per cent. in six months.

Surrendered.

Ponzi, who was arrested yesterday by Federal agents, charged with using the mails in a scheme to defraud and later was taken into custody by state authorities and released on bail, was surrendered to-day by his bondsmen, Morris Rudnick, who had given bonds of \$25,000.

WOMAN NARCOTIC DRUG DEALER IS HEAVILY FINED

Windsor, Ont., Aug. 13.—In possession of several thousands of dollars' worth of cocaine and other narcotic drugs when arrested by a detective yesterday, Mrs. LeVina Paquin, aged twenty-five, was fined \$500 and costs in police court. The woman, who admitted selling drugs, was told by the court that only her sex saved her from a term in prison.

CANADIAN AIR MAP IS PREPARED

Ottawa, Aug. 13.—The road map of the sky for all candidates is in the making—in fact, it is nearly complete, and will be published by the Air Board within a day or two, according to Colonel E. F. Scott, Director-in-Chief of Civil Aviation. This map will cover every route laid out within the Dominion. One of its most important features is that it will be drawn to deal both with civil and military aviation.

C. N. R. STATEMENT ON FREIGHT RATES

Declared Not to Have Increased in Proportion to Articles Carried

Toronto, Aug. 13.—(Canadian Press).—The Canadian National Railway has issued the following statement in connection with the application for freight rate increases: "A rather interesting sidelight on the freight rate situation, dealing more particularly with conditions in Western Canada, was furnished by statistics from Canadian National Railway officers here to-day. "It was pointed out, for example, that the value of a car of seven-foot binders in 1908 was \$1,815. By 1917 it had risen to \$2,612; the following year to \$2,618, and in 1919 to \$2,728. The freight charge against this car-load of seven-foot binders from 1908 to 1913 was \$128. In 1915 it was \$165, and in 1919 it was \$165. The percentage of freight charges to the value of the contents of this car was 7.05 per cent. in 1908; 6.25 in 1917, and 6.08 in 1919. That is to say, while the value of the car of binders had risen from \$1,815 in 1908 to \$2,728 in 1919, the percentage of the freight charge had actually decreased from 7.05 per cent. in 1908 to 6.04 per cent. in 1919. "Much of the same condition obtains in connection with statistics bearing upon the value of these goods. "These freight charges are based on the sixth-class rate, Toronto to Winnipeg, effective on September 1 of each year, the minimum weight being 20,000 pounds to each car."

PRINTERS' UNION TO MEET IN QUEBEC

Albany, N. Y., Aug. 13.—The International Typographical Union yesterday afternoon chose Quebec for its 1921 convention. The monthly per capita tax for the maintenance of the union printers' home in Colorado Springs will be increased from twenty to thirty cents under an amendment to the by-law approved yesterday. The report of the secretary-treasurer showed the membership to be 74,719. Total earnings for the year ended May 31 last were \$22,130,091, an increase of forty per cent. over the previous year. The organization's total assets on July 31 last were \$1,966,903.

ROUMANIAN PRINCE IN SAN FRANCISCO

San Francisco, Aug. 13.—Carol, Crown Prince of Roumania, is here, having arrived yesterday from Honolulu on the liner Korea Maru, intending to stay here two days on his tour around the world. He declined to be interviewed. Several secret service men sent by the State Department are assisting in guarding the Prince while in this country. The Prince was met on arrival by M. Valtoriano, an attaché of the Roumanian Legation at Washington, with personal messages from Queen Marie, and by Samuel Hill, of Seattle, who said he had a message from King Albert of Belgium.

C.N.R. EARNINGS SHOW INCREASE

Toronto, Aug. 13.—The gross earnings of the Canadian National Railway for the week ended August 7, 1920, were \$2,335,110, an increase of \$388,302 over the corresponding period a year ago. The earnings from January 1 to date show an increase of \$5,574,465, the figures being \$56,803,608 this year and \$51,229,143 for the corresponding period last year.

RAILROADS OF STATES GAINING

New York, Aug. 13.—The railroads of the United States will soon be in a position to provide for themselves and ask no consideration from outside agencies, Daniel Willard, president of the Baltimore and Ohio Railway, told the Senate committee on reconstruction and production yesterday. Since the roads returned to private ownership, and with increased rates and increased wages authorized, workmen and officers have taken on a new lease of life which has already been reflected in better freight conditions, he said. Mr. Willard made these statements while discussing the need for freight cars. He said there was a shortage of from thirty to fifty per cent. in freight cars, but that within a few years the railroads expected to be able to overcome this shortage. Mr. Willard said the roads have a tremendous task ahead in rehabilitating equipment, which suffered under Federal control largely because of war pressure.

CANADA-STATES RAILWAY RATES

Dominion Board to Give Ruling on Joint Tariff Scheme

Ottawa, Aug. 13.—(Canadian Press).—At the adjournment of the railway rates case before the Board of Railway Commissioners yesterday, Chief Commissioner Carvell brought up the matter of joint tariffs between the United States and Canada. He stated that an application had been filed by the American Railway Association setting forth the Interstate Commerce Commission judgment as the through rate between the United States and Canada. The Commission having granted the roads an advance of forty per cent. The new rate, Mr. Carvell added, went into effect on August 25 and he had brought the matter up at the earliest possible moment in order that the public might be made fully aware of the matter.

The Board had obtained from its traffic officer a memorandum in which he reported for joint through rates between the United States and Canada in both directions. He further stated having regard to the large volume of traffic interchanged between the two countries and the benefit accruing to traders and the general public through the means of joint through rates, instead of combinations of the local rates of each country, respectively to and from the border gateways, I consider it highly important that the practice followed in previous cases be followed in connection with the present application also."

Railway's Counsel.

An informal discussion followed, counsel for the several railways represented setting forth arguments in favor of the adoption of the traffic officer's report. There was some opposition voiced, the fear being expressed that joint rates might have the effect of raising local rates on certain lines from points through which international traffic moves. It was urged that the Board should not interfere with the local rates. In the end Mr. Carvell adjourned further hearing until Friday morning, when he expressed the Board's willingness to hear any further arguments that anybody interested might desire to advance. It is likely that the Board will give its decision immediately.

GROUPS IN MANITOBA HOUSE FAIL TO FORM UNITED BODY

Winnipeg, Aug. 13.—A conference between Farmer-Independent, Conservative and Labor members of the Legislature of Manitoba took place yesterday with a view to the formation of a coalition opposition against the New Government, but a prolonged discussion nothing definite was decided upon, according to the announcement of A. R. Bolvin, Irberville, who is the secretary of the Farmer-Independent group.

It is intended to have another meeting some time in October. Nothing further than this was officially announced, but it was gathered that there is a decided indisposition on the part of the bulk of the Farmer-Independent group to have an alliance with the Labor Party in view of the first plank in the platform of the Dominion Labor Party, declaring that it stands for "the transformation of capitalistic property into social property, with production for use instead of for profit."

"We want to know where they stood," said a Farmer member, "and when we asked them to come to the point, they declared we would have to accept the whole lot or nothing. Well, of course, we cannot do that."

So far as could be learned, the Conservative delegation made a general statement on the necessity of having a stable Government in the Province.

ANOTHER CABINET FORMED IN CHINA

Peking, Aug. 12.—Announcement was made to-day of the personnel of the new Chinese Cabinet. The War and Interior Departments were given to the Northern military party; the Departments of Justice and Education, to the Progressives; Communications and Finance to the old Cabinet group and Navy and Foreign Affairs to men of no party affiliations. The Cabinet is made up as follows: Premier and Minister of War, Chang Chi Tung; Foreign Affairs, Dr. W. W. Yen; Navy, Admiral Sheng Sheng-Ping; Communications, Yeh Kung-Chao; Interior, Chang Chi Tung; Finance, Chow Tzuchi; Education, Fan Yuan-Lien; Justice, Tung Kang.

GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy, With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation improved by the addition of other ingredients called "Wyer's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyer's Sage and Sulphur Compound and look years younger.

DOES NOT APOLOGIZE TO HOUSE OF LORDS

A. M. Carlisle, Who Interrupted During Irish Crimes Bill Debate, Refuses

London, Aug. 13.—Alexander M. Carlisle yesterday sent to Earl Curzon of Kedleston, Lord Privy Seal, what amounts to a refusal to apologize for an "affront" to the House of Lords when he dramatically addressed the Upper House of Parliament last Monday on the occasion of the second reading of the Restoration of Order in Ireland Bill.

In all, Mr. Carlisle's speech at the time consisted of thirteen words: "My Lords: If you pass this bill you may kill England, not Ireland."

Earl Curzon, acting on the request of the House of Lords, sent to Mr. Carlisle a formal demand for an apology for a "serious affront to the dignity of their Lordships."

Replying to Earl Curzon's letter yesterday, Mr. Carlisle said that if he had offended the King he was ready to make ample apology, but if it was solely regarded as an affront to the House of Lords, "then the case is different."

Concluding his letter, Mr. Carlisle said: "The most serious affront to the dignity of the historic House was and is that the descendants of those who won at Runnymede the charter of British liberties should have proved themselves unworthy of their sires." Mr. Carlisle is a prominent Belfast Irishman who resides in London.

TARIFF COMMISSION DESIRES OPINIONS

Ottawa, Aug. 13.—In connection with the recent announcement regarding the Tariff Commission, the sittings of which will commence in Winnipeg September 15, it is intimated that the sessions will be open to all classes and that the Commission will welcome the presentation of arguments from any interested party or parties, including the farmers' organizations.

NOT CONNECTED WITH WHISKY RUNNING

Winnipeg, Aug. 13.—Hiram Walker & Sons, of Walkerville, Ont., through their Winnipeg representative, have denied the suggestion that they were implicated in whisky running reported from Butte, Montana. It is stated that Hiram Walker & Sons sell no liquor in Alberta and British Columbia except to the Governments of those provinces and that the company has no agents in Canada west of Winnipeg.

SOME WISH TO GO OVER NIAGARA FALLS

Niagara Falls, Ont., Aug. 13.—Applications from nearly thirty men and women have been received by the mayors on both sides of the Niagara River asking for permits to go over the Falls. They are being told that they will not be allowed. Meantime Bobby Leach, who successfully performed the feat some years ago, is advertising that he will go over August 29.

BOLSHEVIK AGENTS ARRIVE IN BERLIN

Paris, Aug. 13.—A dispatch received here yesterday said Bolsheviki plenipotentiaries had arrived in Berlin to resume diplomatic relations between Russia and Germany. The

PAUL MELLOR IS HELD IN EDINBURGH

Mixed Up in Ocean Liner;
Manchester Typist; Love
Affair

Halifax, Aug. 12.—According to a report to the Nova Scotia Government by W. B. McCoy, Secretary of Industries and Immigration, Captain Paul Mellor, the ocean liner heart-smasher who was reported arrested in Edinburgh, has had a checkered career. It says in part that "the captain" was removed in 1918 from the British forces, in which he had been a second lieutenant. "A short time before coming to this province he was released from one of the English prisons," the report states, and adds that his father is not a peer, as Mellor stated to the authorities here.

A Canadian Associated Press dispatch yesterday reported Mellor's arrest in Edinburgh charged with false pretences.

Mellor won the affections of Miss Helen Butler, a Manchester typist, who was on her way to Canada to marry a Canadian soldier. Upon her arrival at Halifax she was re-shipped to England, Mellor following her there.

**UNITY OF ALLIES
WILL ENDURE, SAYS
PREMIER MILLERAND**

Paris, Aug. 12.—Premier Millerand, in the course of a reception at the City Hall in Lyons yesterday, on his trip through the liberated regions, after declaring that France placed no consideration above that of national reconstruction, continued:

"The Allies are united and will remain so. There are unavoidable differences, due to the different characteristics of the nations, but their bond of unity was forged amidst severe trials, and a union fully formed in such conditions must not be dissolved."

**262,338,000 BUSHELS
IS WHEAT ESTIMATE**

Ottawa, Aug. 12.—Canada's 1920 wheat crop is now estimated by officials of the Department of Agriculture at 262,338,000 bushels, as compared with the final estimate of 199,669,000 bushels last year.

The crop is expected to go 498,888,000 bushels, as compared with 394,387,000 bushels in 1919.

Barley also shows a substantial increase, the figures being 82,483,500 bushels, as against 56,389,500 bushels last year.

These preliminary estimates are based on the actual condition of the crops on July 31. Daily reports to the Government have been such that no appreciable change in the estimate is expected.

STATES, LEAGUE AND POSITION OF POLAND

Milwaukee, Aug. 12.—Endorsement of the League of Nations by the United States would have saved Poland, Franklin D. Roosevelt declared here last night.

The morale of the American membership in the League would have halted the Russian armies without a single American soldier crossing the seas, he said.

"History will lay a great share of the responsibility for the plight of Poland upon those little narrow men in the United States Senate—those little narrow men who to-day control the machinery of the Republican Party," he declared.

"But for their desire to satisfy personal spite, the Bolsheviks would not be knocking at the gates of Warsaw."

"The heart of America goes out to the Polish nation. Our hands are tied. Because of the obstructionist methods of Senator Harding's group of Senators, the United States is still technically at war. It is not a member of the League of Nations."

"All it can do is to offer advice and sympathy."

Mr. Roosevelt's speech came as an answer to criticism that he had avoided the issue in his Chicago speech on Wednesday night. "I am not afraid of the League of Nations," he declared, and described the covenant as an application of moral law to international relations.

**CANADIAN KILLED
BY BOLSHEVIKI**

London, Aug. 12.—John Free, a Canadian who managed a large fishing station in Eastern Siberia, has been murdered by Bolsheviks.

PROHIBITION UNPOPULAR

London, Aug. 12.—Information from Sweden shows that prohibition is not making great headway in that country, judging from figures of membership of the various temperance organizations which show that the organizations and societies lost last year over ten per cent. of their members.

AN! HOW "TIZ" HELPS TIRED, ACHING FEET

**Instant Relief for Sore, Swollen,
Tender, Calloused Feet
and Corns.**

You're footsick! Your feet feel tired, puffed up, chafed, aching, sweaty, and they need "Tiz."

"Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, callouses and bunions. "Tiz" is the grandest foot-gladdenner the world has ever known.

Get a box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.

SAYS LIBERALISM COUNTRY'S HOPE

(Continued from page 1.)

In the last session. When there had been any constructive legislation worth naming, he said, it has been advanced by the Liberal Party, seeking to restore the rights of the people. The efforts of the Liberal Party would turn to getting back that freedom of Parliament which would help to insure good government in Canada.

Restoration.

The assembling of Parliament last session in the new buildings at Ottawa seemed to express the note which the Liberal Party thought should dominate all-Canada, namely, the restoration of parliamentary institutions, which under the destructive influences of the war had been, if not destroyed, at least wholly disregarded.

The achievement of representative government under the British system had been the result of militant Liberalism through centuries of struggle and endeavor. In the post-war period the first and foremost duty of Liberalism was to re-establish on firm and enduring foundations, and in wider compass "all those institutions, customs, practices and usages in our parliamentary system, and matters pertaining to government, which comprise the character of freedom we possessed prior to the commencement of the war."

Mere Ceremonial.

Criticizing the Government's proposals contained in the Speech from the Throne at the opening of the last session of Parliament, Mr. King said this procedure had deteriorated into nothing more than a mere ceremonial.

The speaker declared that the presentation of estimates in the Commons was misleading and he said that questionable methods had been adopted with regard to the militia estimates.

"The truth is," he asserted, "that members of the war administration have become so accustomed to dealing in millions of dollars that expenditures involving thousands are beneath their consideration. There will be no change in this respect; no return to a responsible Ministry until we have a new and properly representative Parliament."

Grand Trunk.

Mr. King strongly criticized the Government's attitude in negotiating for the acquisition of the Grand Trunk Railway. This was the largest financial transaction Canada had ever undertaken. The Government had given neither to the people nor to their representatives in Parliament the slightest intimation that it was contemplating any such transaction until the matter had all been consummated.

General Election.

In conclusion Mr. King said: "The only effective means of remedying the evils complained of and of freeing Canada from the baneful influence of the control of its political affairs is that which a general election affords. By all that exceptional usage and procedure demands, that right should be afforded the people of Canada without delay. The Government has lost entirely the confidence of the people. It is either a new administration, and as such not entitled to continue in office without approval of its policies by the people, or it is the old administration under a new name, with a new policy and a new name, which event it has exhausted the purpose for which Union Government was formed and has no mandate to continue in office."

SHE SUFFERED FIVE YEARS

Finally Restored to Health
by Lydia E. Pinkham's
Vegetable Compound.

Key West, Fla.—"For five years I suffered from irregularities, with terrible pains and an awful weakness in my back. The doctor gave me different medicines, but they did me no good. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine ever. It made me well, and I can now do my housework. I am telling my friends about it."

Mrs. J. M. Camus, 728 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Camus found it helped her after suffering five years and trying everything else in vain.

If you have any annoying symptoms you fall to understand, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their 40 years' experience in advising women on this subject is at your service.

CHICAGO POLICE ARREST RADICAL

Chicago, Aug. 12.—Herman G. Hoffman, confessed radical and member of a gang headed by John Alexander, police said, was arrested yesterday. With his arrest, detectives said they gained considerable information regarding the activities of the band, three alleged members of which were seized several days ago.

Hoffman, who returned from Germany two months ago, admitted, detectives said, he had been there spreading Bolshevik literature and conferring with members of the alleged international radical organization.

"I'm through with all this 'Red stuff' Hoffman said. 'When a man has looked over the condition of Germany and those foreign countries, he said, the radicals have an immense plan for counterfeiting American money, the plan being to flood the United States with the spurious currency in an attempt to undermine the credit of the country and the standard of the money. He said the radicals believe this plot will result in revolution.'

Hoffman also said that a huge plot was on foot in Germany to overthrow the government in the United States. To further their activities, he said, the radicals have an immense plan for counterfeiting American money, the plan being to flood the United States with the spurious currency in an attempt to undermine the credit of the country and the standard of the money. He said the radicals believe this plot will result in revolution.

NO NEAR-BEER.

Chilliwack, Aug. 12.—The sale of near-beer in Chilliwack municipality is absolutely prohibited in the Chilliwack alcoholic beverage bylaw which has been passed by the municipal council. The prohibition does not apply to the city of Chilliwack.

SANCTUM OF AZTECS UNCOVERED TO VIEW

Remarkable Building of Ancient Mexican People Is Revealed by Archaeologists

New York, Aug. 5.—Another discovery, in the form of a sealed-up room, has just been made at the Pueblo Ruin in Aztec, New Mexico, which is in course of excavation by the American Museum of Natural History, of New York City.

Dr. Clark Wissler, curator of the museum's department of anthropology, recently reported as follows by letter to his associates in New York: "The room is in perfect condition. The interior is plastered and painted in a brilliant white, with dull red side borders and a running series of triangular designs."

Archaeologists in this beauty and perfection had never been discovered in America. There are several adjoining rooms that seem to have some relation to this, but it will be some time before they can be dug out.

"What we have is obviously the holiest sanctum or shrine of these prehistoric people. There is not much in it, all the sacred objects having been removed from the altar."

Device of Sacred Serpent

"But a sacred serpent is carved in wood over the ceiling. It is two and one-half feet long and of the finest workmanship. Nothing like this has ever before been found, to my knowledge. On the ceiling beams are imprints of hands made by rubbing white paint on the palms and fingers and then pressing down upon the beams. Several strands of rope hang from the ceiling, presumably for the support of hanging objects. On the floor were a large number of nicely cut stone slabs, one of which was 2 1/2 x 1 1/2 feet and 1 1/2 inches thick. This room will be carefully protected from visitors and will be one of the best exhibits here."

"There is a painted room in one of the cliff houses in Mesa Verde Park that has some resemblance to this, but does not compare with the one we have just found. This room is, however, one more suggestion that the people who lived in the cliff houses were the founders of the culture at Aztec and Bonito."

Ruin Is Very Impressive

Dr. Wissler writes that the ruin is now most impressive, part of it having been uncovered by the American Museum excavation party which has for five seasons past worked under the direction of Earl H. Morris.

"Since the greater part of the west side is now uncovered," he says, "one can get a full sweep over this immense complex of stone walls and

THINK IT OVER.

The B. C. Electric Railway Company may have good ground for its belief that it can help itself better by applying to the Board of Railway Commissioners for permission to charge a seven-cent fare than by accepting the proposals offered by the City Council, but we are extremely doubtful on that point. In the first place, even if the Commissioners gave the company permission to increase the fare to seven cents, the street railway would have the competition of jitneys over whom, of course, the Board has no control, and who, we may be sure, would take the fullest advantage of the rare opportunity thus presented to them.

But there is no certainty that the Board would grant the company permission to increase its fare to seven cents, if the city opposed the application, and in doing so reviewed in detail, for the edification of the Commissioners, the various stages of the negotiations which have taken place between the Council and the company during the last few years. It was only a few months ago when the company informed a committee of the Legislature that it was prepared to reduce its lighting charge from eleven cents per kilowatt hour to six cents, if the city would eliminate jitneys and agree to the imposition of a six-cent carfare. The company now declares it cannot operate successfully under those conditions and requires a seven-cent fare and the elimination of the jitneys in return for which it would decrease its lighting charge from eleven cents to seven and a half cents—a radical stiffening in the concessions it was ready to give last Spring.

TROUBLE-MAKING.

France's action in recognizing General Wrangel has the appearance of a move to upset the armistice negotiations between Poland and Russia and involve Great Britain in the war on a large scale in eastern Europe. Mr. Lloyd George is earnestly endeavoring to avoid it. It is contended in some quarters that France's policy is inspired by her fear of an alliance between Soviet Russia and Germany, which would expose her to the gravest danger. If that is so then it is quite clear the French Government has lost its head, for if an alliance between Soviet Russia and Germany is possible the course which France has been pursuing during the last year or more is the surest and quickest way to bring it about. It is possible, too, that the French Government has been influenced in its course by the attitude of the Washington Government towards the Soviet as expressed in its recent note to Italy, but if this is so we fear it is leaning on a broken reed. The Senate has deprived President Wilson of every weapon of international intervention more formidable than his typewriter, and if there is anything certain in connection with the Russo-Polish situation it is that the United States will not be involved in a fresh war over it. If France will possess her soul in patience the present mess will be cleared up with no

loss of Polish independence. Europe should let the Russian people deal with their impossible rulers in their own way and in their own time, instead of adopting a policy which is rallying that people around the Lenin-Trotsky cabal.

A JOINT CEMETERY.

It may be taken for granted that the Attorney-General will do his utmost to facilitate the establishment of a new cemetery to be jointly conducted by the four municipalities on this part of the Island. As far as Victoria is concerned her need of a new burial ground is becoming very pressing, but it is desirable for many reasons that she should co-operate with the neighboring municipalities in establishing a single cemetery large enough to serve the purposes of all of them rather than that there should be four different cemeteries. It should not be difficult to secure a location satisfactory to all municipalities, and if there is the right kind of co-operation it should be possible to complete the necessary arrangements in a relatively short time.

ENTERPRISING SAANICH.

Saanich is to be congratulated upon its enterprise in establishing the first district health centre in British Columbia under the programme already enunciated by the Provincial Department of Health. The departure is a distinct triumph for the municipality whose treasury will defray the cost of construction and operation of the institution. Its usefulness as a clearing house for the afflicted, a centre in itself of specialized departments where hygienic education and the treatment of disease will go hand in hand, needs no emphasis. When the scheme is consummated in the opening of the institution it will be one more tangible reminder that the Municipality of Saanich is determined to maintain its lead over the rest of the Province in the preservation of the health of the community.

CHERRIES TO WINNIPEG.

For the first time since the Gordon Head district began to ship its small fruit products to the Prairie markets a consignment of cherries this week went to Winnipeg. Local strawberries, of course, long have gone much further afield. The new departure, therefore, may not be regarded in any sense as a test of the perishable nature of the fruit but as the establishment of a new and wider market for the local product. This in itself is good business for the shippers and an equally good advertisement, indirectly at least, for Vancouver Island.

NOTE AND COMMENT

Henceforward the legal profession is to be permitted to charge more for its advice and services. Thus has the high cost of getting into trouble gone still higher.

Winnipeg's retail grocery stores reduced the price of sugar by one cent per pound yesterday and a further decline is expected next week. It will not be like Victoria to be outdone by the Prairie capital, many of whose residents have come to regard this city as their second home.

Nearly four thousand years ago a man called Bur-mama gave a note for four shekels in silver bearing an annual interest of forty per cent. to another gentleman called Il Sennutim; and according to the tablet disclosing the transaction which was recently found among a number of other "documents" of clay at the Pennsylvania University Museum the note is still unpaid. Some money lenders of the present age are not a long way behind Il Sennutim in their ideas of appropriate interest; but their time limit for payment is shorter.

Prince Sapieha, Poland's Foreign Minister, has informed the general secretary of the League of Nations that the attitude of the Russian Soviet Government has made a cessation of hostilities impossible. Precisely; but as an original subscriber to the Covenant the Polish Government made it impossible for the Moscow authorities to remain pas-

sive while the armies of the new Republic attempted to wrest by military conquest territory which could not be obtained from Russia by argument at Versailles.

Has the French Government taken into consideration the international effect of the defeat of General Wrangel's forces by the Bolsheviks in the light of its own recognition of the Cossack Leader's de facto regime? If the Red army required any incentive to wipe out this last of its active adversaries France has supplied it.

OTHER PAPERS' VIEWS**AN OPPORTUNITY FOR STATESMANSHIP.**

(Manchester Guardian.)

Our Government's message to that of Russia—variously described, according to taste, as a peace overture and an ultimatum—has been received with the expected fury by the part of our press which likes to see others do the fighting. This is additional evidence of the substantial sincerity and peaceful intention of the "message," and it is much to be hoped that George's present Russian policy is fully grasped in Russia, where, as everywhere else, wild men and men of sense and goodwill no doubt co-exist. If the former prevail, they will no doubt pick out of the terms of our ultimatum the one which Poland and Cabinet's references to Poland and of offence which it is only too easy to find there if one wants it. It would be only too easy, also, to extract from the Supreme Council's dealings with Germany a complete manual of justifications for a Russian demand for vast indemnities from Poland and for the setting up of such a Polish Government as Soviet Russia would like. But if the statesmen in Russia prevail they will see the opportunity as a capacity for letting pass good opportunities for effective reformation and dramatic revenge.

ALLEGED COAL COMBINE HAS EXISTENCE IN THE CITY

(Continued from page 1.)

bodies had been told by the president of the United Co-operative Society that a coal combine existed in Victoria. "The charge was made," said Mr. Woodward, "by a representative of local dealers the United Co-operative Society had their supply of coal cut off. Of these matters we know nothing. We are just bringing them before you."

"We are informed that there is a retail profit made here of \$2.75 and \$3 a ton over and above all expenses. We think that no such charge is necessary." Mr. Woodward asked the Board to subpoena J. F. Wood, President of the Co-operative Society, in order that he might appear and give testimony on the coal question.

Warned Against Cutting Prices. R. N. Ferguson, stated that he had entered the coal business in April of this year. "I got a found coal," he said, "that I was not allowed to do as I wished. I was called up repeatedly and warned against cutting prices. I didn't know there was a combine existing." Mr. Ferguson said he had been given to understand that if he didn't do as the other dealers "there would be trouble." He had been called up and warned about cutting prices.

With the consent of the Granby Company, from which he secured coal, Mr. Ferguson stated, he had sold half his coal business to the Co-operative Society. The coal dealers forthwith had met, and a Granby representative had come to the city four times and finally told him that "pressure had been brought to bear by the other coal dealers and he was forced to stop my supply of coal." "I cannot get a pound of coal," said Mr. Ferguson. I made an attempt to go elsewhere than from the Granby Company as it would be absolutely useless for me to know the fact that one would have to deal through other agencies here which would have to make a profit. Quoting figures on the cost of coal and its retail price, Mr. Ferguson stated that in April of this year the Granby Company had sold coal at the mine for \$7.35 per long ton and \$8.00 per long ton of lump coal. On June 23, he said, the price had gone up to \$8.50 for lump coal and \$9.50 for lump.

At this point Mr. Ferguson was asked why the other Victoria companies selling Granby coal had not been troubled as he had been. **Alleged Reason.**

"The whole trouble arose from my selling part of my business to the Co-operative Society," he replied. "Only on three or four occasions," he stated, "that I let my coal prices fall below the market price here." However, on one occasion, after he had sold his part of the business to the Co-operative Society, he sold a carload of coal to the Strathcona Hotel for a price slightly below the market figure. Mr. Gillespie, of McKay & Gillespie, Mr. Ferguson declared, "was very indignant and made all kinds of threats. That was the first intimation I had of the strength of the combine. I have never made a three or four occasion more than on the one occasion. It was absolutely useless to do so."

When he cut prices, he said he always got into trouble.

Cost of Handling. In answer to further questions Mr. Ferguson stated that delivery of coal in the city cost him \$1.00 per ton and to points outside the city \$1.25 a ton. Freight cost him \$1.00 a ton, while he absorbed fifty cents a ton. His costs, he said, were slightly higher than those of other dealers because he used white men, many of them returned soldiers. The other dealers used Chinese laborers. He calculated that he made \$2.50 a ton profit on lump coal and later on a little more than this. "If the price went up at the mine they always raised it a little more," he asserted.

J. S. Yates, the solicitor who drew up the agreement between Mr. Ferguson and the Co-operative Association regarding the sale of part of the former's business, corroborated what Mr. Ferguson had said regarding the coal dealers' alleged action in cutting off the coal supply. He

reiterated that the sale had been made with the consent of Manager Quinn, of the Granby Company. Pressure and wire pulling, he asserted, had resulted in the cutting off of the coal supply.

Mr. Yates warned the Board that unless something was done to change present conditions there would be trouble. He referred to the suppressed indignation of the citizens, many of whom had fought and were prepared to take things without paying for them if necessary. "If they are met with opposition as in the coal question," he prophesied, "something more serious will arise. It doesn't require propaganda to produce Bolshevism," he affirmed. "The high cost of living will do it."

Mr. Yates went on to state that there were rumors afloat that there was to be another rise in the price of coal. These rumors were a species of propaganda directed to the public mind so that the people would think that coal before long would be \$20 a ton. Thus if the coal dealers boosted the price \$1 per ton, the public would think it was lucky to escape with so small a rise.

"I think it's all done from the mines in one sense," he went on. In answer to the question of whether the alleged combine existed both in Victoria and Vancouver, he replied that the mines in question supplied both places. "They say the prices to the dealers will be so much," he said. "If you can make the coal sell to anyone with cash you will have them cornered." He thought that a system of licensing, whereby coal operators and dealers could be deprived of their licenses if they acted improperly, would help to solve the problem.

Mr. Yates said he was solicitor for the Farmers' Co-operative Association, against which the wholesalers were discriminating by demanding cash payments, while they allowed other firms thirty days in which to pay. The wholesalers, however, were somewhat under the thumb of the Retailers' Association, he said.

Mr. Woodward suggested to the Board that it fix the price of coal at the mine and compel the mines to sell to those who could produce cash. "That may be necessary," remarked the chairman, Capt. White.

Groups of citizens, Mr. Woodward assured the Board, could charter a scow and send it to the mine to load coal. In this way, he was confident, the consumer could save several dollars a ton on coal.

To Avoid Spread. "You wish, in other words, to wipe out the spread between the mine and the consumer," observed Mr. Acland. Mr. Woodward agreed, and stated further that he considered that there was too big a margin between the wages paid the miner and the prices charged at the pit mouth. Every time there was a ten-cent advance in wages, he declared, there was a \$1 increase in the price of coal.

Mr. Yates complained about the price of sugar here compared to the price reported to be prevailing in the United States. Major Dillon replied that sugar was cheaper in Canada than in any other place in the world.

Work of the Board. The chairman added that, through the work of the Board of Commerce, the consumers of Canada had been saved \$20,000,000, which otherwise would have gone into the pockets of dealers and retailers.

Made Note of Conversation. Capt. Gadsden, of the G. W. V. A., expressed the view that the coal dealers were shaking in their boots for fear that the co-operative stores would take their customers away from them. He related to the Board a conversation he had had with Joshua Kingham, a well-known local coal dealer, in the presence of A. C. Pike, President of the Trades and Labor Council. Capt. Gadsden said that he had noted down the conversation immediately after leaving Mr. Kingham, in order that he might remember it correctly. "Mr. Kingham," said Capt. Gadsden, "was candid and very frank, indeed, brutally frank. He didn't care. He told us what he thought, and what he meant without any regard as to what we could do about it." Kingham denied that the coal merchants could bring pressure to bear on the operators to cancel any supplies. He thought it was a great mistake to allow too many coal dealers in the business.

He seemed very pleased to state that, owing to his personal objection to the Co-operative Society having a railway siding on the Songhees Reserve—a matter which he brought to the attention of the Premier, who is also Minister of Railways—the spur had been cancelled. He said he had done it himself and was much pleased

The theory of the Government of

ficers is that the diamonds were being sent to this country to be disposed of and the proceeds to be used in furthering Bolshevik propaganda in the United States.

It was learned to-day that this was the new evidence which was introduced here recently by the Government at the hearing against Martens, and which resulted in the proceedings being postponed until later this month at the request of Martens's counsel.

Denial by Martens. New York, Aug. 12.—Ludwig C. A. K. Martens, unrecognized Russian Soviet Ambassador to the United States, to-day disclaimed any knowledge of diamonds addressed to him which it was brought out at his deportation hearings had been intercepted in New York by customs authorities.

DENVER STREET CAR LINE DAMAGED; STRIKERS BLAMED

Denver, Col., Aug. 13.—Explosives under the rails on the Stout Street car line damaged the track and crippled a car to-day. No one was injured. A switch at the stockyards was also molested. Police said the attempts were the work of striking carmen or sympathizers.

THIS IS THE CECILIAN CONCERTPHONE

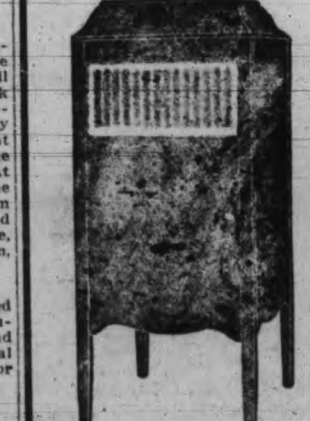

for \$125

That We Will Offer Low Terms on for the Balance of the Month

FINISH—Mahogany or fumed oak.

EQUIPMENT—Double, spring motor, silent running, ball bearing tone arm, electric automatic stop; tone modifier; all exposed parts nickel plated.

NEEDLES—Ball pointed sapphire, supplied.

Third Internationale at Moscow to the I. W. W.

Loat.

The diamonds were described by Federal officials as plainly "loot." They were said to be perfectly cut and polished and for this and other reasons they are believed to have formed a part of the Imperial Russian crown collection, which the Bolsheviks are said to have confiscated.

Before adjournment Captain White explained that the Board would consult with the gentlemen who had lodged informal complaints, and then

agreed the Chairman.

Mr. Woodward objected to this interpretation of the Act, as he claimed that the local wholesalers were in the custom of selling to the Co-operative Society.

He said that the Act, under which prosecutions would have to be made, forced manufacturers, jobbers and wholesalers to sell their products to consumers with whom they were accustomed to deal. A court decision in the East, he said, had established the fact that co-operative societies did not come in this category and that the manufacturers, jobbers and wholesalers could not be forced to sell to these societies.

SETTLING VETERANS ON BUSH LANDS

Saanich Council Deprecates
Placing the Men on Out-
back Holdings

"It is an outrage to place people in the bush, without roads and no land cleared, and then expect us to build roads in to serve the settlers," stated Councillor Henderson in the Saanich Works Committee last evening.

His remarks were made in reference to an application for the improvement of Conway Road, from the agricultural officer of the Soldier Settlement Board. This road is on one of the steep hills leading up into Burnside park from the B. C. Electric tracks.

Mr. Henderson said he had made an investigation with the Engineer, and found families located in the bush, with no land cleared and no income in sight, thereby forcing the men to work out away from home.

"Some of these men cannot support themselves on the land, and will not be able to do so for years to come," he stated.

Councillor Dooley remarked they could not expect the municipalities to build roads into the wilderness to serve such men.

Councillor Pim asked if the men were not to blame themselves?

Councillor Henderson replied that the Settlement Board must take responsibility for loans under such circumstances.

Councillor Henderson secured in this connection the passage of authority to repair the lower part of Conway Road, and the fence on the Hughes Road, both in Burnside park.

The Council then, on the motion of Reeve Watson, decided to ask the Soldier Settlement Board about the situation, and formally to place the whole situation as regards bush settlements for veterans before the Dominion authorities for an opinion.

VANCOUVER WORRIED BY SMOKE NUISANCE

Civic Authorities There, As
Here, Attempt to Cope
With Problem

That Victoria is not alone in its smoke nuisance trouble is seen from the following dispatch from Vancouver:

The special smoke nuisance committee of the city council, after hearing a number of complaints from residents in several districts in the city suffering from the effects of smoke, soot and partly burned sawdust, decided to refer the question of combating this nuisance to a special committee consisting of City Engineer, Prof. L. Kilham, of the University of B. C. staff, and Mr. J. S. Pearce, a civil engineer who has made a special study of combustion and smoke consuming devices. This committee is to consider means of abating the nuisance and devices to secure more complete combustion, and is to draft a report which is to be submitted to the special committee at a meeting to be called later. The special committee will then consider the report and pass it on to the city council.

In a report which he submitted on the question of abating the smoke nuisance, Mr. Pearce pointed out that the trouble was due in many instances to the fact that many of the furnaces and equipment for heating in the city were being fed with fuel for which they had never been designed. Many of the furnaces were originally intended for hard coal, and did not provide enough air for the consumption of soft coal economically or without producing much waste through large volumes of smoke.

H. M. Fullerton, of Macpherson & Fullerton Bros., also attended regarding smoke consuming devices. He pointed out that there was a vast quantity of good fuel being wasted every year when the local mills, in this connection he declared that by utilizing mill waste as fuel, the Vancouver General Hospital alone among other civic institutions, could save \$200,000 per year. Complaints regarding the almost intolerable conditions which prevailed from soot and half-burned sawdust were made by several residents in that section lying immediately south of False Creek. Somewhat similar protests were made by residents living east of the sugar refinery, who stated that since that institution commenced to burn powdered coal the soot nuisance has been very bad.

The special committee will consider what can be done at the plants in question to improve the conditions complained of.

MANY ATTRACTIONS AT COMING FETE

In Aid of Girl's Club; at Residence of Lady Crease on September 1

Quietly but effectively the committee which has in hand the arrangements for the garden party to be held at the residence of Lady Crease on September 1 have gone ahead with their preparations and the affair already assumes all the elements of a successful event. The proceeds of the fete will be devoted to the maintenance of the Girl's Club, 1201 Fort Street, which is sadly in need of assistance if it is to continue its

beneficent work on behalf of the homeless girls of the city. The Social Service Committee is sponsoring the fete and it is hoped that all denominations will assist in every way possible to ensure its success.

In addition to the attraction of the lovely old gardens, there will be numerous additional features for the entertainment of patrons. The Salvation Army Band has generously offered to contribute a musical programme during the afternoon. The following committees have been appointed to undertake the various features and booths:

Plain work. Mrs. Hallam, Mrs. Gossel and Mrs. Sandford; refreshments. Mrs. Walter McMicking and Mrs. Roberts; home cooking. Mrs. Gurney and Mrs. T. Oliver; sale of articles. Mrs. W. H. Belson; clock work. Mrs. W. H. Belson; Mrs. McManus; fruit and vegetables. Miss Brown; odds and ends. Punch and Judy show and Aunt Sally will be additional attractions.

All contributions should be sent to the various committees, care of Lady Crease, Fort Street.

Local People

A pretty wedding took place at Hillcrest Ranch, the Willow Point home of Mr. and Mrs. Richard Gaskell, of Nelson, when Florence Gertrude Gaskell became the bride of Harold James Finmore, of Victoria. The bride, who was attired in a gown of satin and georgette, and wore a long tulle veil caught up here and there by orange blossoms, and carried a large bouquet of roses. She was given away by her father, and was attended by her sister, Miss Sadie Gaskell, who wore a dainty dress of blue satin and carried a bouquet of roses. The groom was supported by Richard Gaskell, Jr. Rev. J. P. Westman officiated. The house was appropriately decorated for the occasion and the ceremony was performed under a large arch of flowers which had been placed in the drawing room. Mr. and Mrs. Finmore will leave for Victoria, where in future they will reside after making a brief tour of the Kootenays.

A very pretty but quiet wedding took place on August 10, in St. Andrew's Presbyterian church, when the Rev. W. L. McRae united in marriage Miss Beatrice Smith, youngest daughter of Mr. and Mrs. S. Smith, of Dewdney, and A. Bothamley, of Calgary. The bride was beautifully gowned in white frill-trimmed, heavily embroidered in gold and white tulle, and carried a shower bouquet of pink sweet peas and carnations. The groom's gift to the bride was an onyx and pearl ring. The happy couple left on the afternoon boat for Seattle, en route to Long Beach, California.

In honor of Mrs. Burge, whose marriage to Capt. Matthews will take place shortly, Miss Bowron entertained last evening at her suite at the Balmoral Hotel. Among the invited guests were: Mr. and Mrs. Matthews, Colonel and Mrs. Moorhead, Mr. and Mrs. Roger Monteith, Mr. and Mrs. Andrew Grey, Mr. and Mrs. Charles Innes, Mr. and Mrs. Mitchell, Mr. and Mrs. John R. Green, Mrs. Godman, Mrs. Ashburnham, Mrs. Angus, the Misses McBride, the Misses Monteith, Miss Bruce, Miss Alleen Bowron, Miss Aline Stewart Williams, Miss Nancy Drew, Miss Farrer, Miss Newcombe, Miss G. Burton, Miss Jean Petrie, Capt. Matthews and Mrs. Matthews, J. Bridgman, M. Innes, Heister, Wallace, Foulkes, Gordon Mason, George Maude, Macbeath, Pickering and C. L. Dennis.

Mrs. Charles Doering entertained at a delightful tea recently at her lovely home, "Fairview," Duncan, when her guests included Mr. and Mrs. Edwin Jackson, Mr. and Mrs. George Cheeke, Mr. Togo Cheeke, Mr. and Mrs. Gibb, Miss Gage, Dr. J. Stephens, R.N., Miss Bobbie Stephens, Mrs. L. K. Knicker, Mrs. H. Norie, Miss Simpson, Mrs. F. Fall, Mrs. J. Knicker, Mrs. J. Knicker, Mrs. J. Knicker, Mr. and Mrs. Joseph Reid, Vancouver; Mrs. P. Norie, Miss Fanny Bolster, Mr. and Mrs. H. W. May, Captain and Mrs. W. S. Barton, Colonel and Mrs. M. Reid, Vancouver; Miss Mollie Bolster, Mrs. W. Bradford McConnell, Miss Ruth Porritt, Miss Susie Porritt and Mr. and Mrs. Averill.

At "Breadalbane," 1155 Fort Street, a pretty wedding took place yesterday afternoon when the Rev. Dr. Campbell celebrated the marriage of Edwin Flanders Ackley, barrister, and Miss Gladys Marie Erling, both of whom are residents of Seattle and natives of Wisconsin. After a honeymoon spent here Mr. and Mrs. Ackley will make their home in Seattle, where they have many friends.

Mrs. A. D. Swan, Miss Helen Swan, of Montreal; W. H. Mathewson, Mrs. Mathewson, Travis and Peter Mathewson, of Mission City, are at the Cadboro Beach Hotel. Mr. Mathewson is the manager of the Canadian Bank of Commerce at Mission.

Miss Agnew, with her father, William Agnew, of "Shubun," Rockland Avenue, left on the Sol Duc this morning for Port Angeles en route for Lake Crescent, where they will spend the next two weeks as guests at Singer's Tavern.

Mrs. L. E. Nelson and Miss Florence Nelson, of Los Angeles, and Miss Edith N. Potts, of Santa Maria, California, are visitors to Victoria, and are staying at the Strathcona Hotel.

Mr. and Mrs. C. F. Walton, of Ferrell, Pottsville, and Mrs. Florence Gillespie and Miss Edith Gillespie, of Chicago, are registered at the Strathcona Hotel.

Mrs. C. Evans and Edward Wheeler, of London, and Mr. James Rowland Bedford, England, are registered at the Strathcona Hotel.

The recent arrivals from Vancouver at the Cadboro Beach Hotel are Lieut. C. S. Bowen, R.A.F.; Mrs. Minchin and Miss Beckett.

Dr. E. C. McFarland and Mrs. McFarland and Miss Nettie M. Rankin, of Portland, Oregon, are guests at the Strathcona Hotel.

Mrs. M. A. Booth and Miss Catherine Maitland, of Winnipeg, are visiting Victoria and staying at the Dominion Hotel.

Mrs. Trevor Hunt has as her guest for a few days her father, P. K. Lindsay, of Beach Drive, Vancouver.

Mr. and Mrs. H. R. Dickens, of Leicester, England, registered yesterday at the Empress Hotel.

W. Townsend and Mrs. Townsend, of Calgary, are amongst yesterday's arrivals at the Dominion Hotel.

Mr. and Mrs. Winthrop Hammond, of Portland, Ore., arrived at the Empress Hotel yesterday.

Mrs. G. F. Drew and Miss Entinzer, of New York, registered at the Empress Hotel last evening.

A. O. Potts, Mrs. Potts and C. Pitt-

chard, of Winnipeg, are staying at the Dominion Hotel.

Hon. J. H. King, Minister of Public Works, with Mrs. King, left yesterday afternoon on an automobile tour of Vancouver Island. They will be joined at Qualicum Beach by M. A. Macdonald, M.P.P. and Mrs. Macdonald and Mr. and Mrs. Fred King, of Vancouver.

Mr. and Mrs. C. W. Brookes and family, of Victoria, are enjoying a holiday at Brentwood, where they are staying at the hotel.

Mr. and Mrs. George R. Freeman, of Willows, California, are guests at the Empress Hotel.

Miss Eva Howard, of this city, has been spending a vacation at Dunderave, near Vancouver.

Mr. and Mrs. J. Wright Russell, of Bonham, Texas, are staying at the Empress Hotel.

Miss J. Mowat and Miss W. Mercer, of Langford, are registered at the Dominion Hotel.

Mrs. Atkinson and Miss E. Stewart, of Nanaimo, are guests at the Dominion Hotel.

Mr. and Mrs. W. H. Boyd, of Ottawa, are staying at the Empress Hotel.

Col. and Mrs. F. B. Wilson, of Vancouver, are registered at the Empress Hotel.

WEST SAANICH WOMEN'S INSTITUTE

The regular monthly meeting of the West Saanich Women's Institute was held at the home of Mrs. Fred Sluggott, Brentwood Bay. There was a good attendance and many visitors. Business was soon dispensed with. Dainty refreshments were served, after which the members and their visitors took part in several contests which proved very amusing. Mrs. R. Sluggott carried off first prize in the whistling contest, and many enjoyed themselves bathing in the cool waters of the Bay. The institute will hold their annual basket picnic at Deep Bay on Wednesday, August 25, to which friends of the institute are cordially invited. Those caring to be requested to please phone the secretary, Mrs. J. D. Murray, Brentwood Bay.

WED IN VANCOUVER

Nuptials of John Kyle, A. R. C. A., and Miss Nellie Hadfield, Aug. 10

A marriage which came as a surprise to the many friends of the bridegroom throughout the Province took place at Christ Church, Vancouver, on August 10, when Miss Nellie Hadfield, daughter of Mr. and Mrs. George W. Hadfield, of Vancouver, was united in marriage to Mr. John Kyle, A. R. C. A. of Victoria, son of the late Andrew Kyle and Mrs. Kyle, of Hawick, Scotland.
The ceremony, which was performed by the Rev. Oswald W. Howard, was a very quiet one only a few intimate friends and relatives attending. Miss Hilda Hadfield attended her sister and Robert Kyle was groomsmen. Mr. Kyle is well known as Director of Technical Education for the Provincial Government and is an officer of the Provincial Arts and Industries Institute. Mr. and Mrs. Kyle will make their home in Victoria.

GARDEN FETE WILL BE HELD TO-MORROW

In Aid of Funds to Help James Bay Troop of Boy Scouts

A garden fete will be held in the grounds of Mrs. Jones-Evans, Michelson and Douglas Streets, on Saturday, in the interests of the James Bay Troop of Boy Scouts. The Wolf Cub Pack will be presented with a totem pole at the fete. Those interested in the Boy Scouts are invited to be present.

This troop has been organized for the benefit of the boys of the James Bay district, irrespective of class or creed, and the residents of the district may be interested in the following condensed history of the organization, which slowly but surely is gaining in popularity among the boys of James Bay, and if given the necessary support and encouragement will become a real power for good in the district.

Question of Officers.
The original Troop, known as the St. James Troop, was organized in 1917, but owing to lack of officers collapsed after an existence of some three months. In April, 1918, the troop was revived by the present Scoutmaster, C. J. Cherry, and Assistant Scoutmaster A. J. Baker. Two returned men, both having been Scoutmasters in the United States, were then known as the St. James Church Troop. The progress of the troop was much retarded during the first few months, due to the fact that suitable headquarters had not been secured. In spite of difficulties, however, the promoters had sufficient faith in the future of the troop to start a pack of Wolf Cubs in connection. In October of last year it was thought advisable to make several improvements in the troop to enable the troop to fulfil its proper purpose. With this end in view a parents committee was formed, who obtained the present headquarters at the corner of Douglas and Simcoe Streets, and purchased instructional equipment. In January of this year Assistant Scoutmaster Baker, who had worked so untiringly for the troop, was compelled to return to England, and the question of officers again became acute. It was then decided by the committee that if the troop was to continue it must be on broader and stronger lines. The committee was therefore enlarged and the name of the troop changed to the present one of the James Bay Troop of Boy Scouts, since then the progress made has been highly satisfactory, and although not large compared to some troops in the district, the troop is decidedly active and has made up its mind to remain so, and a considerable increase in size is looked forward to this winter.

The Committee.
The present organization is strong. It consists of a Troop Committee, President E. P. Girdwood, Hon. Secretary E. P. McKie, Hon. Treasurer C. W. Dixon, Mrs. Girdwood, Mrs. McKie, Mrs. Ward, Mrs. Chalmers, Mrs. Hicken, Capt. D. Powie, Miss E. Powie, Messrs. Ridgway, Ward, McMillan and S. Child. The chaplain is the Rev. H. T. Archibald, rector of St. James Church. The organization and management of the troop is in the hands of Scoutmaster C. J. Cherry, who has to support him in his work, an efficient, keen, and loyal staff of Scout officers. They are: Cubmaster N. Fatt, who is in charge of the Wolf Cub Pack, with Assistant Cubmaster O. T. Boulton; Assistant Scoutmasters S. Davie, G. Thompson and H. Barratt, who between them do the major portion of the work in connection with the Scout Troop; Assistant Scoutmaster L. Sykes, who is in charge of the newly formed Rover Patrol, and G. Clare, sr., who is in charge of the First-Aid instruction, and whose classes for the senior boys will form part of the education programme during the coming term.

A Busy Centre.
The troop headquarters will be a busy place this winter, for with the three divisions of the Scout movement in full swing, there will not be many evenings that will not have something on, either in the line of instruction in hobbies or handicrafts, or recreation in the form of games and gymnasium work. The committee are endeavoring to raise a fund of at least \$200 to provide the necessary equipment for the fitting up of the clubroom, to increase the troop library, and the purchase instruments to start a band.

Any information re above can be obtained from C. J. Cherry, 1022 Bank Street, phone 5548R; C. W. Dixon, 223 Ontario Street, phone 558R; C. P. McKie, 331 Phoenix Place.

LONDON REGAINS HER SUPREMACY

Writer, Speaking of Great Metropolis, Refers to Victoria's "Chinatown"

F. A. McKenzie, the well-known newspaper correspondent, who visited Victoria last year has evidently retained memories of this city for in the following article from his pen, appearing in a London daily, he refers to the local "Chinatown."

There is a bigger rush of new population to London at the present time than to any city in any "boom" period in the known history of the world. Many of the newcomers mean to settle down and stay.

We hear much of the American invasion. It bids fair to be rivalled by the Oriental invasion, the Dominions invasion, and the coming of the Continentals.

The reasons for this rush are many. London has, since the war, become the focus of the world. It is here that the fate of nations is now settled. If you have a new crusade to launch, a new religion to preach, an ancient nation to save from tyranny, or a reform to advocate, London is the starting place.

Socially "Set Fair."
New York City thought a year ago that she had wrested our financial and commercial supremacy from us; New York has since learned her mistake. Paris retains her charm, but men believe that the clouds are gathering there and the storm may burst. In London the social barometer marks "set fair."

Business men from overseas are pouring in because they realize that London-to-day is the world's "boom" city. There is, for example, more land speculation going on here at present than in the wildest Western city at the height of the wildest Western boom.

One man, only a few days ago, was offered £200,000 profit on a single real estate deal in West London, and refused it. Fortunes are being made here overnight. The rises in value are not all illusory, either. If the present rush means anything, it means that within ten years London will be a city of ten million people. That will automatically send central site values up by at least 50 per cent.

Mecca of the East.
It is now possible for Asiatics to come here in big numbers for the first time in their history. London has for two centuries been the Mecca of the East, but poverty made the Oriental view it from afar. Thanks to the war, the economic position of Asia has been transformed. Eight hundred million people have found their wages and prices trebled almost in a day and their products in overwhelming demand.

This is one of the most vitally important events in recent history. One of its secondary results has been to enable large numbers of Asiatics to come to their dream city, London. We shall have an Oriental quarter here, as San Francisco and Victoria have; the poor Oriental who accompanies the rich will settle among us and the Chinese servant will be a familiar figure.

American Influx.
The Americans are coming here for varied reasons, some for pleasure,

find such varied interests to absorb one. London is supreme again, Mistress of the World. The coming of the great army of new settlers among us is going to make certain profound changes in our lives and great differences in the external aspect of London. What some of these changes will probably be must be a matter for separate description.

AMERICAN ECOLOGISTS ARE HERE ON VISIT

Post Graduates of Chicago
University Inspect Local
Flora

A visiting delegation of peculiar interest in scientific circles arrived today on the afternoon boat from Seattle, headed by Dr. Fuller, Chicago University, who is taking a party of some twenty post graduate students of Ecology through the West to make a study of plant life peculiar to these regions. J. W. Gibson, director of agricultural education, having asked the Natural History Society of Victoria to act as guide to the visitors, a large delegation of that society was on hand to greet the party at the boat. Captain W. N. Kelly, President of the Victoria Natural History Society, received the party, assisted by Charles C. Pemberton, Major Nation, J. R. Anderson, Dr. Newcombe, Mr. Kernade, A. R. Sherwood, Mr. Gibson, and other prominent members of the local Association. After registering at the Douglas Hotel the party was conducted in cars around the environs of the city, giving them an insight into the vegetation of the district.

To-morrow the party has been asked to join the Natural History Society in a special field day. The arrangements include a journey out to Colwood on the train, field practice through the section of the country to Spanish Peninsula, taking in the Highland District, and returning via the interurban railway later in the day. A basket picnic staged by the ladies of the Natural History Society will be held at the Fourth Lake during the course of the field day.

Sunday the party is expected to journey to Cowichan Lake, and from there to Cameron Lake for Mt. Arrowsmith. The visitors arrived here from Mount Rainier Park, and will institute a study in the foot hills of the Canadian Rockies prior to the return to the East.

The members of the party were intensely interested in the phases of tree and plant life which they saw this afternoon, and expressed themselves as delighted with the courtesy of the Victoria members of the Natural History Society, who have made every effort to take care of the visiting delegation and ensure them an enjoyable time.

**UNIVERSITY STUDENTS
WILL GIVE THE CITY
SOMETHING TO RECALL**

The voice of discord will be abroad in the streets of Victoria to-morrow, as 500 University of Washington students are coming to "paint the town red" in the course of the trip which they are taking on the Whatcom, of the Puget Sound Navigation Company, to the Islands of the Gulf of Georgia.

They are due about 1.30, according to the statement of an advance representative to-day, and what they will not do in the way of yelling, laughing, and other aids to loud expressions of collegian festivity only the people of Victoria will know after the few brief hours during which they will keep the Saturday shoppers aware something is doing in the old town.

Anything on wheels which will prove a means of transportation to the sights of the town will be hired, and the boys and girls, for the sexes will be about evenly divided on the excursion, are going to let Victoria know whence they come and what they are doing.

Officially the excursion is under the auspices of the Associated Student body.

PACKAGES OF FRUIT MUST BE MARKED

Ottawa, Aug. 13.—(Canadian Press) Packages of fruit and vegetables from Canada to the United States must be marked net weight. Such is the information conveyed in a wire received by the Fruit Commission, a branch of the Department of Agriculture. Hitherto some doubt has existed in the minds of growers if such a condition, which was imposed by a recent amendment to the Food and Drugs Act, would be insisted upon. Pending a determination, however, of whether the quantity of the contents must be marked on small open containers, enclosed within crates, no action will be taken by the Department if the containers are not marked.

PROPOSE MEMORIAL CHURCH AT LENS

Prof. Charles Bieler, of Montreal, Here in Connection With Project

A proposal to build at Lens a Canadian Vimy memorial church has been discussed in Western Canada, and is now being advocated in the West by Prof. Charles Bieler, D.D., of the United Theological colleges affiliated to McGill University, Montreal, who is now in Victoria with Madame Bieler. Dr. Bieler, who succeeded Prof. Coussirat as head of the French department in Montreal College, is known, particularly among scholars of the old world, as a high authority in the realm of church history. Representing the highest type of the spirit of old France, the late war made a deep personal appeal to both; and their sons were among the first to enlist.

Dr. Bieler is the hon. secretary of an inter-denominational Committee, with headquarters in Montreal, which is aiming to present to France a Protestant church to be erected in Lens in memory of the Canadian soldiers who fell in Northern France.

Aim of Movement.
There were in France about 1,000 Protestant churches before the war, one-third of which were situated in the industrial and prosperous northern country. Prof. Bieler reports. There are now about 80 churches, 40 manse and 30 other mission buildings raised to the ground or badly damaged by the enemy. He stated that a movement of generous sympathy is moving the hearts of people in the United States, Great Britain, Switzerland and Holland to help in the reconstruction of these greatly-needed edifices.

A strong committee has been formed in Montreal, and a representative body of ministers and laymen of all denominations have agreed to serve on this body. Major (Canon) Shatford, a chaplain to the Canadian forces, who has been chosen as chairman, while Major General Sir John Carson, C.B., is honorary president.

Fix November 14.
The plan for the erection of this church at Lens has been endorsed by a formal vote of the Presbyterian general assembly, while the governing bodies of other churches throughout the Dominion have signified their hopes of giving their official recognition to the scheme.

It is proposed that the offering taken in all Protestant churches of Canada on November 14, which is the Sunday following the Armistice Day, should be devoted to this subject, and if this suggestion of the officials is followed, it is hoped to raise the sum of about \$150,000 which is needed to erect the church in Lens, and also to commemorate in Mons, Belgium, the entry of the victorious Canadians, and the hospitality given to their Protestant services by the Protestant church there.

Madame Bieler belongs to a distinguished French family, being the daughter of Dr. Merle D'Aubigne, author of the History of the Reformation. Dr. Bieler will preach in St. Andrew's Church at 11 o'clock on Sunday.

FIRST SETTLEMENT STILL UNSOLVED

Doubt Is Thrown on Claim
For Fossils Found in
Argentina

London, Aug. 12.—Are the remains of a man which have just been discovered in the ravines of Chapalmal the oldest yet known? Dr. Ameghino, director of the Buenos Aires Museum, of opinion that they are. Study of their morphology and fossilization proves, he thinks, that they belong to a type far older than the oldest hitherto discovered. But the oldest known goes back 500,000 years or more. They were discovered some ten years ago by Dr. Charles Dawson at Piltdown in Sussex. In the opinion of the best authorities the bones either belong to the late Tertiary or to the early Pleistocene age.

Commenting on the discovery in the Argentine, Dr. Arthur Keith, author of "The Antiquity of Man," said in an interview:

Expecting Discoveries in U.S.
"We have been expecting discoveries to be made in America, but nothing really ancient has hitherto been found. Some fifty years ago a famous discovery by gold miners known as the Calaveras skull was talked about a great deal. At the time it was supposed to be the most ancient skull discovered, and to have preceded the formation of the mountain where it was found. Upon investigation, however, it was proved to be just like the Indians' skulls, and the conclusion to which experts came was that somehow or other an error had been made in the antiquity of the mountain."

"The point of disagreement, in fact, between the geologists of South America and those of Europe is the antiquity of the deposits in which the remains have been found. Hitherto all the discoveries in the Argentine when looked into have not proved so ancient as they were supposed to be. There is no doubt that in that country they do get in the deposits the remains of prehistoric, or extinct animals, huge sloths mostly, and they get also arrow heads still embedded in fossil bones. But arrow heads we know to be comparatively recent; better than we call the Neolithic period, that is to say not more than about 6,000 years ago."

Unsolved Problem
"Still we must not be too sceptical about the present discovery; we must wait to see the complete evidence that Dr. Ameghino has to produce. We are reminded that previous exploration of the ravines of Chapalmal and Miramar have revealed deposits of polished stone

SCREEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

**GOLD MEDAL
HAARLEM OIL
CAPSULES**

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1896. Take regularly and keep in good health. All druggists, 50c. a box. Guaranteed as represented. Look for the name Gold Medal on every box and accept no imitation.

balls, fire stones, baked clay vessels, weights for fishing nets made of stone or of the bones of huge mammals, and go on. But all these things are recent in the history of the world, something between 4,000 and 8,000 years ago. It is not likely, as it appears to be supposed, that they belong to the Tertiary age at all, for what we in Europe conceive to be the Tertiary age came to an end half a million years or more ago. All the remains that have been found in these ravines so far suggest a much later date, and we must wait therefore until we get the full evidence before we can accept the view that these are the oldest remains of man.

"I scarcely expect that the new discovery will throw much light upon the early population of the new world. Long before Columbus discovered America that continent had been discovered many times, and the first settlement is still an unsolved problem."

VANCOUVER ISLAND NEWS

Granby Team Wins.
Casidy's The ball team of the Granby Community Club journeyed to Chemainus on Wednesday evening to lock horns with the local team. The game was a victory for Granby with the score at six to four. This gives the Granby team an excellent record of nearly a dozen games played this season and none lost.

There is some reason to think that the month of June has established the peak of food prices for the Summer season as there is already a reduction in the cost of staple foods in this district of seven per cent. below the June costs.

Storehouse Burned.
Nanaimo.—The Nanaimo Pressed Brick Company suffered a \$4,000 loss Monday when fire destroyed a residence at Esquimalt, together with a storehouse and all the supplies stored therein. The fire started in the roof of the house, which was occupied by a family named Rogers, the father being employed at the mill of the New Ladysmith Lumber Company in the vicinity. The household effects were saved with the assistance of neighbors who gave the alarm, but otherwise the loss, amounting to \$4,000, is complete, with no insurance.

TO WORK PEAT BOGS TO SAVE FUEL COST

Detroit, Aug. 12.—The end of the high cost of fuel and of much of the high cost of living is the hope and aim of some enterprising interests which have started a new project for the development of Michigan deposits of peat.

The peat fields of Michigan have long been recognized as among the richest in the world. But the ancient slow process of drying did not make the peat readily available for modern transportation and modern industrial use. So while wood was plentiful for fuel and while coal remained at an ordinary price, the peat beds were almost untouched.

Only spasmodic efforts were made to develop them after the coal scarcity caused by the strike of 1902.

During the last few months, however, a new effort has been begun at Chelsea, Mich., and also at Cadac, Mich.

The plan of the present operators is to use the system invented by J. Campbell Morrison, formerly with the United States army engineers, who has located in Detroit. Colonel Morrison has studied peat and peat development in many countries, and is familiar with the methods used in drying and preparing from the earliest ages. His system for using the ancient peat is ultra-modern, and makes plans to draw out the peat, dry it completely, and compress it into briquets, absolutely clean, convenient, and giving out a gaseous flame, with little ash and no clinkers or other obstructions.

"I understand your colleague is highly indignant because he cannot get his speeches printed in full."

"I don't blame him," answered Senator Sorghum. "The only people he could ever get to pay strict attention to them were the compositors and the proof-readers."—Washington Star.

Mrs. Horton Likes Economy

Mrs. J. L. Horton says she learned the economy of canned milk for cooking through a lady demonstrating Pacific Milk in a department store. She took one can and made a cake and a pudding. Next she bought two tins. Results were so good she decided to have a dozen cans. Now she buys a case at a time and counts that she saves a dollar a month on her milk bill.

NEWS AND NOTES OF THE MINES

Valuable Silver.

A pioneer of the Yukon, where he has been in the hardware and machinery business for twenty-two years, George F. Johnson, who is in Vancouver on his way South for the winter, says that a great interest is being taken throughout the northern district in recent silver discoveries. The greatest optimism prevails over these and old-timers are looking forward to lively times again.

Speaking of these silver deposits located in the Mayo district of the Yukon, Mr. Johnson stated that, previous to his departure South, he visited this section to satisfy himself as to whether or not the reported rich strikes of silver-galena were exaggerated. At Keno Hill, where properties are under option to the Yukon Gold Co., he found prospecting had been in progress for nearly a year, and the results of the development seemed to be such, in

his view, as to create the conviction that Keno Hill will be a contributing factor in developing a silver-producing area likely to rival the Cobalt section.

"Preliminary prospecting," he continued, "has uncovered evidence of as many as nine separate veins or 'leads' of silver galena shipping ore. The present known depth and length of these are such that shipping ore now in sight will require many years of considerable activity to mine."

War Baby Nugget.

"Taken from one of the 'leads' on the plateau of Keno Hill, is what the miners call the 'War Baby Silver Galena Nugget.' It is one oblong piece of solid silver galena, similar in shape to a large potato, weight estimated by experts to be 1,200 pounds. From the same vein or ledge from which this huge piece came are four other nuggets or slabs lying end-on-end, like four steps of a staircase. These were nearly solid silver galena and by comparison, the weight of the smallest of these was easily 800 pounds.

Music is the language of the soul; jazz is its profanity.—Providence Tribune.

D. S. TAIT CHOSEN CANDIDATE FOR SAANICH TRUSTEE

Will Be Standard Bearer of Extra Subjects Party

At a meeting of Saanich electors in support of the extra subjects movement, held in the Tillamook School last night D. S. Tait was chosen candidate to run for the vacancy on the School Board of that municipality.

"At a recent meeting of the Ward 1 Saanich Parent-Teachers' Association I heard for the first time of the agitation on foot to cut out the school extras in the curriculum, or so-called 'frills.' In expressing my astonishment at that meeting," continued the speaker, "I did not think that I was laying myself open to nomination as candidate for school trustee. However, having expressed myself so strongly at that meeting I am not now going to flinch."

Candidate's Stand.

"I take this stand—I am in favor of economy in the municipality and in the schools, but less in favor of economy in the schools than in any other phase of municipal life. I have not for several years in Victoria, that when the Civic Council gets hard up they immediately call on the school board to do the saving and economizing."

Now that certain members of the Saanich School Board have taken the anti-frill stand, and have been backed up by an organization and propaganda, it is time for some concerted action to defend the inclusion of domestic science, school gardening, and manual training in the curriculum.

"You know it was a belief held and practiced by the Germans that you had only to repeat the wisdom of any course sufficiently often, and it would come to be taken as the best course by the majority, irrespective of whether it was or not. That is what I mean when I say that the anti-frill have got a large start on us."

"They have held meetings widely, and these meetings have been given every publicity in the daily press, and the propaganda has been very active for some time."

"The elections are one week from Saturday, and I hear the municipality is to hold mass meetings on this and other subjects, where the rival factions may express their views. We should organize and get to work right away, if we are to be able to overcome the propaganda put out by the other organizations, in time to influence the decision at the polls."

Campaign Committee.

It was suggested at this stage that it would be in keeping with the purpose of the meeting to proceed with organization right away, and the following were elected to carry on the campaign in favor of extra subjects: D. S. Tait, Mr. E. Hall, secretary; D. S. Tait, Mrs. Humphries, Mrs. T. W. Piddock, Mrs. MacLachlan and S. W. Raven.

The chair was taken by Mr. Collis. He asked, "If as the anti-frill supporters declare that baseball will develop the muscles of the child, why can't manual training, and school gardening do so? Moreover, these two subjects will be of future help to the child."

"Saanich has seen the need of a Health Center. Much ill health is caused through bad cooking, ill pre-

FOR SUNBURN HEAT-RASH BLISTERS BITES CUTS & SORES USE ONLY Tam Buk

Ready to Submit Name of J. H. Oldfield To Central Body

The name of J. H. Oldfield, of Elk Lake, a well known Saanich resident, will be submitted to the Central Saanich Ratepayers' Association this evening for endorsement as the candidate of those who oppose extra subjects, in the Saanich School Board by-election.

Members of the association will meet at the Temperance Hall, Cedar Hill, for that purpose at 8 o'clock. Mr. Oldfield being chosen so that after the choice is ratified, they may adjourn to the Parish Hall in the same neighborhood, where the public meeting will be held.

pared, and chosen food. Therefore," said Mr. Collis, "it would materially help the health of Saanich if we had Domestic Science. At a recent Central ratepayers' meeting it was said that the women of Saanich were the best cooks one could find. I much doubt it." (laughter).

Mr. Collis referred to the fact that at the same meeting it was said that school costs ran away with eighty per cent. of the taxes. This was pointed out to be untrue, the percentage being twenty-five per cent. more money being spent on roads alone than schools.

Mr. Collis drew comparisons of the low salaries of the school teachers, and those of the workmen.

Ward Distribution.

Secretary A. C. Hall in his report gave a list of the appropriations for school purposes and its apportionment into the various wards of Saanich. Of \$68,000 collected for the purpose of education, only \$1,800 had been set aside for extra subjects, he stated. He went on to give the complete assessment in districts, which was as follows:

Ward 1—Assessment, \$1,688,639; tax, \$84,431.
Ward 2—Assessment, \$1,392,755; tax, \$69,631.
Ward 3—Assessment, \$1,662,382; tax, \$83,119.
Ward 4—Assessment, \$1,639,179; tax, \$81,958.
Ward 5—Assessment, \$1,545,525; tax, \$77,276.
Ward 6—Assessment, \$1,374,100; tax, \$68,707.
Ward 7—Assessment, \$1,531,485; tax, \$76,571.

Craigflower district assessment, \$539,900; tax, \$169.95. Another \$200 towards these extra subjects was paid by the B. C. Electric Railway Company, V. and S. Railway, and the B. C. Telephone Company. It was stated.

At the conclusion of his report, Mr. Hall went on to state the great influence exerted by the press, and to assure his hearers that he had obtained the fullest co-operation in this matter.

TO OPEN CAMPAIGN AT CEDAR HILL FOR BYLAWS

Priming themselves for the conflict on the platform, Saanich Councilors spent a considerable time last evening in polishing up details of the sewer by-law, which is not easy to explain to a critical audience. It is their opinion they will have no trouble with the water by-law but they look forward to considerable difficulty to explain the sewer by-law to the electors.

The map of the area enumerated on Tuesday by resolution was tabled last evening, accompanied by a schedule. It embraces the area from Portage Inlet to the West to Maplewood Road in the East, while the farthest north-point is Cambridge Street, off Carey Road. The boundary line follows the height of land forming the natural drainage, in a very irregular way.

The campaign will open this evening to discuss the by-laws at the Parish Room, Cedar Hill.

COOLER HERE BUT HOT IN INTERIOR; RAINING IN NORTH

The official reading yesterday at Gonzales Observatory of 78 degrees will not be acceptable to the downtown business man, who was prepared to wager an assurance of \$2 or \$4 degrees.

In Vancouver it was 84, in Kamloops 94, Grand Forks 94, while at Roseburg, Oregon, the record for the Pacific Northwest was achieved at 102 degrees. Sacramento Valley saw the mercury rise to 108, which is believed to be a record.

In contrast to the heat in the interior, a heavy blanket of fog hung over the whole coast from California to the northern end of Vancouver Island. Higher up the coast it turned to rain, and in Prince Rupert it is reported to have rained heavily.

At nine o'clock this morning the temperature at the local observatory stood at 49, later with a south wind blowing from seaward the temperature fell eight degrees.

How Sleeping Sickness Was Conquered in Uganda

By Maj.-Gen. Sir David Bruce, in The London Daily Mail.

There are three ways of attacking disease. One is to allow the man to take the disease and then attempt to cure him. Another is to render the man immune for a longer or shorter period by vaccines or sera. The third is to get down, as it were, to bedrock and prevent the disease from getting at the man. The stopping of sleeping sickness in Uganda is an example of the third, the best method, and it is here proposed to give a short account of the way in which it was done.

This very fatal illness had been known on the West Coast of Africa for some two hundred years, but it was not until the closing years of the last century that it spread from the Congo into Uganda and set up a severe epidemic there. One plausible theory is that it was introduced when the remains of Emin Pasha's Sudanese troops, with their wives and followers, numbering some 10,000, were brought from the Congo to settle in Uganda. The disease was first noticed in 1901, and in a few years it spread round the shores of Victoria Nyanza, killing many thousands of the inhabitants.

Soon afterwards a commission was sent out by the Royal Society to investigate the disease and, if possible, to suggest a remedy.

When the commission arrived in Uganda the conditions were these: nothing was known of the cause of the disease, and nothing as to how it was spread. The first thing to do was to find the cause.

After being led away on various false scents it was at last established that the cause of the disease was a blood parasite, an actively-moving little creature known as a trypanosome, and found in the blood and cerebro-spinal fluid of all cases of sleeping sickness.

It was found in 25.7 per cent. of apparently healthy natives in the sleeping sickness area, but not in a single case of 117 natives examined outside this area. Monkeys inoculated with the blood or cerebro-spinal fluid containing these trypanosomes died, with all the symptoms of the disease.

The distribution of sleeping sickness in Uganda was found to be peculiar. It did not spread over the whole country, but was restricted to the shores of Victoria Nyanza and the numerous islands which dot the northern part of the lake. In no part of the country could a case be found more than a few miles from the shore. Then, again, the cause of the disease had been shown to be a trypanosome, a blood parasite, which was not likely to be conveyed directly from man to man, but most probably by some blood-sucking insect.

This led the commission to ask the question, "Does the distribution of sleeping sickness in Uganda coincide with the distribution of any particular biting insect?" One discovery leads to another. By good fortune one of the members of the commission had studied a trypanosome disease of horses and cattle in South Africa and had discovered that it was carried from the sick to the healthy animals by means of a tsetse fly (Glossina morsitans). Naturally, then, a tsetse fly was suspected to be the carrier of sleeping sickness. On examining the shores of the lake, a tsetse fly (Glossina palpalis) was found in large numbers.

It may be pointed out in passing that if it had not been for the previous discovery in Zululand no one could have dreamed that sleeping sickness was carried by this fly. As a matter of fact the existence of the fly itself was unknown in Uganda until its discovery by the commission.

Uganda is an advanced native State. It possesses a King, a native Parliament, and a most capable Prime Minister, or Katikiro, Sir Apollo Kagwa, K.C.M.G. Sir Apollo and the other head chiefs were asked to have specimens of biting flies sent in from every part of Uganda. The aid of the Government officials and missionaries was also enlisted.

In three months the commission received some 500 collections of biting flies. As each package came in it was examined, and if it contained a tsetse fly, a red disc was stuck on a large map, over the locality from which the flies had been sent. If, on the other hand, no tsetse flies were found, a blue disc was stuck on.

At the same time another map was prepared to show the distribution of sleeping sickness. That is to say, if the note accompanying the collection of flies stated that sleeping sickness was present, a red disc was placed over the locality; if, on the contrary, no sleeping sickness was reported, a blue disc.

After three months, on placing the two maps together they were found exactly to coincide, therefore it was taken as proved that sleeping sickness is conveyed from the sick to the healthy by the tsetse fly (Glossina palpalis).

At this point it will be seen that the natural history of the disease had now been worked out sufficiently to allow preventive measures to be tried.

The problem could be attacked in two ways. The attempt could be made to exterminate the fly. No tsetse fly, no sleeping sickness. Or, as the area of the fly was restricted, the natives could be removed from the fly area. No natives, no epidemic.

As the former plan would have involved an enormous amount of expense and labor, it was decided by the Government to try the second plan of removing the natives from the fly zone.

The chiefs, to whom the scheme was fully explained, gave loyal assistance, and in the early Summer of 1907 the whole of the lake shore to a depth of seven miles was evacuated. Later all the inhabitants of the islands were removed to healthy places on the mainland, and the epidemic, which had cost the protectorate some 200,000 lives between 1900 and the end of 1905, speedily came to an end.

A few years afterward the Prime Minister wrote: "I shall never forget the great work you did in Uganda to prevent sleeping sickness. It is very unusual these days to see a man suffering from sleeping sickness."

Never a corn on millions of feet nowadays

Do you know that millions of people who use Blue-jay keep entirely free from corns?

If a corn appears it is ended by a touch. A Blue-jay plaster or a drop of liquid Blue-jay is applied.

The corn pain stops. Soon the whole corn loosens and comes out.

The method is scientific. It is gentle, easy, sure. Old-time harsh treatments are supplanted by it with everyone who knows it.

It is made by a world-famed laboratory, which every physician respects.

It is now applied to some 20 million corns a year. You can see that corn troubles are fast disappearing.

Then why pare corns and keep them? Why use methods which are out-of-date? Try this new-day method. See what it does to one corn. You will never forget its quick and gentle action. Your drug-gist sells Blue-jay.

BRIEF LOCALS

Tillikum School Ground.—The
Saanich Council last evening referred
to the School Board a report on the
grading and improvement of the Til-
licum school ground, which Council-
lor Dooley declared was in a very
wet, muddy condition in winter time.

Grant Half-Holiday.—The Saanich
Council last night granted the mu-
nicipal office staff a half-holiday on
Wednesday, August 25, when the
annual inter-municipal picnic will be
held at Mount Douglas Park. The
Council also issued an invitation to
the staff to attend the picnic.

Abandoned Crossings.—Grave com-
plaints have been received with re-
gard to the abandoned crossings of
the old Victoria & Sidney Railway on
Saanich Road, West Saanich Road,
and Glanford Avenue, which have not
yet been put in shape. Saanich Coun-
cil last evening instructed the en-
gineer to remove the ties, and grade
the crossings up.

More Airmen Wanted.—W. Kirk-
patrick Crockett, of the Victoria
branch of the Aerial League states
that there are still several vacancies
for fitters and fitters in connection
with the two flying centres under the
Government control. Application
forms and all requisite information
may be obtained from Mr. Crockett,
secretary, at suite 3, Arcade Build-
ing.

Paid Visit Here.—Rev. Dr. Fland-
ers and Mrs. Flanders, of Broadway
Methodist Church, Winnipeg, Mani-
toba, left yesterday afternoon for
Seattle after spending a few days in
this city as the guests of Alderman
and Mrs. Joseph Patrick, at 425
Michigan Street. Dr. and Mrs.
Flanders were delighted with Vic-
toria and the peninsula, and hope
to return again next year.

Shoemaker's Association.—At the
annual meeting of the Victoria Dis-
trict Shoemaker's Association held
last night at 536 Johnson Street the
members present expressed them-
selves as being well satisfied on the
hearing of the secretary's report of the
financial status of the association.
They voted unanimously for a ban-
quet and social to be held on Sep-
tember 2, at which a cordial invitation
will be extended to the graduating
pupils of the S. C. R. School of Cor-
d-wainers.

Pretty Home Wedding.—A pretty
wedding took place at the home of
Mr. and Mrs. J. T. Deaville, 534 Man-
chester Road, on Wednesday evening,
when Rev. R. Wilkinson united in
marriage their eldest son, Walter
Bailey Deaville, and Miss Eva Mac-
Donald. The bride was given away
by Mr. Deaville, father of the groom.
The ceremony was conducted under a
beautiful arch from which was sus-
pended a marriage bell. After the
wedding supper the young couple left
to tour the island. On their return
they will make their home in Victoria.

From Church to Theatre.—The
congregation of the Metropolitan
Methodist Church cannot find suf-
ficient accommodation in the school
room of the church and have engaged
the Dominion Theatre until the
church has been reopened after
renovation. Although many persons
are attending, and last Sunday
large numbers were unable to gain
admission to the school room. The
church is being redecorated and re-
furnished and when completed will be
the finest church auditorium in the
city. It is expected that the re-
opening services will take place in a
couple of weeks.

A STATE OF SIEGE

IN WARSAW NOW

Step Taken by Military As
Bolshevik Menace
Increases

Warsaw, Aug. 12.—(Associated Press)—Russian Soviet
forces which are attacking the Polish
lines northeast and east of here have
reached a point twenty-five miles
from Warsaw.

A state of siege has been declared
here by the Military Governor.
The city is not permitted on the
streets after 10 p.m., and cafes must
close at 9 p.m.

The determination of the Bolshe-
viki to press onward to Warsaw
showed itself at various points along
the battlefield to-day, there being
hand-to-hand fighting in many in-
stances. The Poles savagely de-
fended their positions, and contested
every foot of ground given up to the
invaders.

Fighting was reported to-day with-
in thirty miles of Warsaw. It was
said Pultusk changed hands several
times and last accounts were that
fighting was going on in the streets.
The Poles were holding the west bank
of the Vistula River at this point,
beating off the Bolsheviks from the
north and hurling back other enemy
forces which were trying to cross the
river.

Much Activity.
Warsaw hummed to-night with
military activity, but only soldiers
and officers were allowed in the
streets. Preparations for the defence
of Warsaw were made and lights
burned until late in the War Office
and the Foreign Office, where affairs
of state were being discussed.
The terms and conditions to be
carried by the Polish delegates who
will meet the Soviet representatives
Saturday, and bowels. Child
preliminaries also were being drafted.

Correspondents.
It was decided late to-night that
two British and two American news-
paper correspondents, as well as
several Polish, French, Italian and
Spanish journalists, will accompany
the peace delegation. Just how long
the delegation will remain at Minsk
is unknown, but diplomats said to-
night they expected the conference
would last four or five days or longer.

Daily Dispatches.
The Associated Press will be re-
presented and an effort will be made
to send daily dispatches either direct
by wireless or by courier to Moscow.
It was announced to-night that
outgoing personal messages would
not be accepted at the telegraph of-
fices. This is a military measure to
prevent news of troop movements
getting out.

Cordova Bay Regatta.—The regatta
which was to have been held at Cor-
dova Bay to-morrow has been post-
poned until Wednesday, August 18.

MONTREAL

ULSTERMEN WILL

SEE LLOYD GEORGE

But Dublin Papers Print
Nothing About Dominion
Scheme Deputation

Dublin, Aug. 12.—Nothing is printed
in the Dublin newspapers about
the departure of a deputation of
Ulstermen for London to see Mr.
Lloyd George for the purpose of ad-
vocating an immediate offer of Do-
minion Home Rule to Ireland in spite
of the fact that news of its departure
was circulated among English re-
porters by the publicity department
of Dublin Castle. It is reported that
the delegation is headed by S. C.
Davidson, chairman of the director-
ate of the Cirocco Engineering
Works and one of the largest sub-
scribers to Ulster Party funds, who,
like many other industrial leaders in
Ulster, finds his work seriously
threatened by the Sinn Fein boycott
of Ulster products.

It is considered significant that the
Ulsterites are falling in line with the
Dublin Chamber of Commerce, which
is largely Unionist and the Southern
Unionists in support of Dominion
Home Rule, which they heretofore
have decried.

ifornia."

BASOFF IN COURT

MONDAY AFTERNOON

Bandit's Preliminary Hearing
in Lethbridge; Areloff May
Be in United States

Lethbridge, Aug. 12.—Basoff, the
bandit, will face the magistrate in
Alberta Provincial Police Court here
on Monday afternoon at 2 o'clock. He
has not yet retained counsel, but the
police say his friends have lots of
money, and it is expected the best
criminal lawyer in Alberta will defend
him.

He is under strong guard in the
cells at the provincial police station,
and this morning orders came from
Superintendent Bryan of the Provin-
cial Police at Edmonton that the
one was to be allowed to see him. He
does not like reporters, however, and
seems to be progressing favorably.

On Thursday evening he saw a
number of pressmen who have been
reporting the manhunt, and though
he talked grudgingly and told nothing
he had not told the police, he ad-
mitted his connection with the Bellevue
tragedy in a general way. He does
not like reporters, however, and re-
fused to give an official interview.

His pal, Areloff, is reported to have
crossed the boundary at Gateway.
Fernie is now the headquarters of the
hunt for the last bandit, and he will
be placed against Basoff on Monday, one by
the Mounted Police for the murder of
Corporal Usher, one by the Alberta
Provincial Police for the murder of
Constable Bailey, and one by the
Canadian Pacific Railway charging
him with holding up a train on
August 2.

CELLS IN PRISON

GET SUNLIGHT

Individual Washbowls For
Prisoners in New Illinois
State Jail

Joliet, Ill., Aug. 12.—Sunlight for
every cell and individual washbowls
with hot and cold water are con-
veniences to be found within the new
cylindrical state prison at Stateville,
Illinois.

The prison house, the first of its
kind in the world, gives one the im-
pression upon entrance of being in an
aviary. Every cell has been pro-
vided with ninety minutes of sun-
light, coming through a skylight.
This universal distribution of sun-
light accomplished by a slight curve
in the skylight, was figured by Forest
Ray Moulton, Professor of Astronomy
at the University of Chicago.

Cafeteria.
A cafeteria system, another new
idea for prison life, has been installed.
Most of the eatables are supplied
from the 2,200-acre honor farm upon
which the prison is located.
The 248 cells, which are all alike,
are built of concrete, with cork in-
sulation in the walls. The doors of
the cells are doubly locked. They can
be automatically locked by a hy-
draulic oil control and then the guard
comes around and locks each cell
separately. They can be opened in-
dividually.

In the centre of the prison is a
tower from where the guards can
watch the movements of all prisoners.
At night the outside of the prison
is lighted up with electric lights by
which the guard in the centre of the
round prison house can see every-
thing that is going on in front of the
windows.

The prison is surrounded with a
circular concrete wall, thirty-three
and a half feet high, fourteen inches
thick at the top and twenty-four
inches thick at the bottom.

The New York Building
Commission has adopted this idea
and expects to enclose Sing Sing
with a similar wall.

GREEKS STILL NEED

CANADIAN WHEAT

But Now They Must Get It
Through Ordinary Trade
Channels.

Ottawa, Aug. 12.—(Canadian
Press).—In reply to a cabled news-
paper report that the Dominion of
Canada had lost an order for 225-
000,000 worth of wheat as a result of
the removal of Government control,
Sir George Foster, Minister of Trade
and Commerce, says the statement
is misleading.
Sir George, who is in London, in-
terviewed by the Canadian Press, said:
"It is quite true that intimations
have come from the Greek Govern-
ment that it would be in the market
for wheat and was especially desirous
of obtaining that wheat from Cana-
da. The inquiry from the
Greek Government was referred to the
Canadian Wheat Board and dealt
with by that Board in accordance
with the circumstances of the case,
incident on the decontrol of a wheat
market for the crop of 1920."

Not Altered.
"The demand for wheat for import
by Greece has not been altered," Sir
George continued, "and the source of
supply remains as before, and the
matter is no doubt being taken up
under the normal conditions of trade
now that the Wheat Board ceases to
function for the present season's
crop."

"It is unfortunate that the cabi-
net reference to misleading in its
positive statement that the Domini-
on has lost a \$25,000,000 order. The
Greek Government's needs are the
same as before and the source for
Canadian wheat is presumably just
as strong. The only thing which is
likely to take place is the change of
medium through which the purchase
shall be made. The gist of the
statement by cable is only con-
firmatory of what is already well
known here, that the Government is
derelicting the sale of Canada's wheat
for the present year and that such
sale in marketing assumes the chan-
nels and methods of normal times."

MAYOR OF CORK AND

OTHERS ARRESTED

London, Aug. 12.—A dispatch from
Cork said: The Lord Mayor of Cork
and ten associates were arrested by
soldiers yesterday while attending a
session of the Sinn Fein court in the
City Hall. They were taken to the
military barracks.

It is said that three Sinn Fein
courts were in session in the City
Hall when a considerable force of
troops arrived and surrounded the
building and then entered it and be-
gan to arrest those taking part in the
proceedings, including the presidents
of the courts. One of these was Lord
Mayor MacDonnell, who managed to
escape into the street from the back
of the City Hall, but was captured
outside. Those arrested include some
littigants.

Troops yesterday also entered
houses in Limerick, where there was
some firing in the streets. Two per-
sons were injured.

PRAIRIE FARMERS AND

TARIFF COMMISSION

Winnipeg, Aug. 12.—The elimina-
tion of the duties levied on farm
implements entering this country
and taking off, within five years, of
duties levied on British goods coming
into Canada, was the subject of a
representative of the United Farmers
of Manitoba, who will appear before
the Tariff Commission in Winnipeg
September 15. This announcement
was made to-day by W. R. Wood,
secretary of the United Farmers.

D. J. Dixon, president of the prairie
branch of the Canadian
Manufacturers' Association, said to-
day that the branch here would have
representatives watching the pro-
ceedings. He said that as far as he

A Very Special Piano Offer

The

"Regent"

\$390.00 Two Styles \$425.00

Because we were able to buy a considerable number of
these pianos at advantageous prices we are able to offer
them now at exceptionally moderate figures.

Cases, of mahogany, walnut and fumed oak, are beau-
tifully designed. Such features as the "Regent" improved
scale, full steel frame, copper bass strings, etc., make for
tonal excellence.

These "Regent" pianos carry a double guarantee—
by the manufacturer and Fletcher Bros.—and at such low
prices they afford the finest piano value we have been
able to offer in recent years.

607 View Street

Cross Purposes

SOME proprietors of Household Medicines have made
the mistake of advertising their Preparations as some-
thing to take the place of the Doctor's services.

Some physicians, on the other hand, have maintained that
All Household or Proprietary Medicines are worthless and
should not be sold.

The facts, as usual, lie between these extreme views.

"Call the Doctor," should be the first thought when there
is illness or injury. Get his opinion, and follow his directions.
But sometimes there are cases of sudden sickness or a minor
accident when the right remedy, instantly at hand, will save
much suffering and render any further treatment necessary.

This justifies the existence of the Household Remedy as an
accessory to the doctor, providing in an economical and
always stable form the medicinal virtues of some good
formula (often a doctor's prescription) for use in the many
minor ailments and injuries of every day life for which the
great majority of people cannot afford the doctor's visits
each time or, as on the farm, are so situated that they
cannot obtain his services quickly, even if their means permit.
Such a remedy is PERRY DAVIS PAINKILLER.

For nearly seventy-five years, this reliable preparation has
been used on the farm, in lumber and mining camps, on the
sea, in the homes of town and city, not only in Canada and
the United States, but also in practically every country in
the world for a few simple ailments which are everywhere
prevalent, and for which this remedy has been found to give
prompt and effective treatment.

In cold climates and in the winter season of others, a tea-
spoonful of PAINKILLER in a glass of warm water or milk
helps wonderfully to ward off the evil effects of a chill; while
a piece of flannel, dipped in a glass of hot water to which a
teaspoonful of PAINKILLER has been added, wrapped
around the throat of a child at bedtime, is remarkably
effective for croup or bronchial attacks.

During the hot Canadian summer and all the year round in
tropical countries PAINKILLER is famous for the relief it
will bring in acute attacks of stomach and bowel trouble
caused by unwise eating.

PAINKILLER is also a very effective Liniment for bruises,
sprains, insect bites and stings. In fact, this real Home
Remedy is a good thing to have always on hand at home
and when travelling. Price, 50c per bottle.

New family size, containing about two and one half times
the quantity of the 50c size, price \$1. Families accustomed
to using PAINKILLER for various purposes, will find that
by purchasing the new family size, they can obtain this
standard preparation at a cost, nearly as low as before these
present high-cost-and-high-tax times.

Prepared only by DAVIS & LAWRENCE COMPANY
Manufacturing Chemists NEW YORK AND MONTREAL

personally was concerned, he could
see no grounds to oppose either of
the main requests to be made by the
farmers. He declared that produc-
tion was essential and he thought no
levies which interfered with produc-
tion should be permitted.

Seventy Water Marvels To Perform To-morrow

Pick of Portland, Seattle and Victoria Swimmers, Divers and Polo Players Will Be In Competition at Gorge To-morrow Afternoon; Expect Huge Crowd at Curtis Point.

Seventy of the fastest swimmers, most beautiful divers and trickiest polo players in the West will be seen in action at the Gorge to-morrow afternoon. Everything is in readiness for staging the annual P. N. A. gala which will decide the title-holders in the premier swimming events for the year. The gala is to be held in the V. I. A. pool at Curtis Point, and it is expected that they will attract an even greater crowd than that which taxed the capacity of the grounds last summer.

Seattle is sending over sixteen of the pick of the Crystal Pool and the Multnomah Club of Portland has a team of ten of its aquatic stars on the way north at the present time. Victoria swimming clubs have entered an unusually large number of contestants and it is expected that they will give a very good account of themselves.

Want Polo Trophy.

The local clubs are banking strongly on winning the two polo championships which will be at stake. The ladies' team, captained by Mrs. Harold Martin, is conceded a splendid chance of defeating the Seattle team. Both Portland and Seattle will be strongly represented in the men's polo event. Portland at present holds the cup and will fight keenly to retain it. The amalgamation of the Y. M. C. A. and V. I. A. A. polo teams, however, has presented a very active and fast lineup, and it is hoped that the team will be successful in bringing the handsome cup back to Canadian soil. The programme is a very lengthy one. The races will be in progress throughout the afternoon. An intermission will be held after the ladies' relay race in order to allow the contestants to obtain light refreshments. The sports will be resumed at 5.30 o'clock.

The Programme.

The programme for the greatest gala ever held in the history of Victoria and the Pacific Northwest will be as follows:

1. Official picture, contestants and officials.
2. 50 yards, men, 1st heat.
3. 50 yards, women.
4. 50 yards, men, 2nd heat.
5. 50 yards, boys 13 and under.
6. Final 50 yards, men.
7. Plunge, men.
8. Plunge, women.
9. 100 yards, men.
10. 100 yards, women.
11. 1st section fancy diving, men, compulsory dives.
12. 500 yards, free style, women.
13. 500 yards, free style, men.

DOMINION RIFLE MEET OPENS MONDAY IN EAST

Ottawa, Aug. 13.—After an intermission of six years, on account of the war, the Dominion of Canada Rifle Association will hold its first post-war prize meeting at the Rockcliffe ranges here, commencing next Monday and continuing for one week. More than \$12,000 in prizes and a big list of cups and trophies have been set up for competition. So far entries have been received from British Columbia and across the country to Nova Scotia. The Canadian rifle team for Bixley next year is selected at this meeting.

Held and Leard Provide A Wrestling Exhibition

Umpire Starts Lamentable Mix-Up By Pushing Leard; Fans Put Down Cushion and Pop-Bottle Barrage; Church Banished From Game For Trivial Matter.

Yakima, 11; Victoria, 4.

It was a wild and woolly night. The game between the Capitals and the Fruit-pickers last evening was but a mere side-line of the worst orgy that has been staged at the Stadium this season. During the fracas in the second inning the diamond resembled an arena in the throes of a weird struggle. Pop-bottles and cushions hurled at the head of Red Held, the umpire, were strewn all over the infield, and two fiery heads, Bill Leard, the Victoria manager, and the arbitrator, rolled about in the dust matching muscle and tongue. Held emerged victor from the fray and banished Leard from the grounds, but it is possible that something more will be heard of the affair from President Burnett. Held appeared to be in the wrong last night, but whether or not the league executive will uphold him is a question which is bothering the minds of the fans to-day. When Leard waged his attack upon Umpire McCoys some weeks ago President Burnett promised Leard with suspension if he repeated the trick. This time, however, Leard acted in the defensive, ever, Leard enacted in one which calls for the severe condemnation of followers of clean sport.

The Trouble Starts.

The trouble started in the second inning, after Victoria had filled up the bases and were working hard to overcome a lead of four runs driven in by Yakima in the first inning. Two men were out and Carly Elliott was batting. Elliott took two balls. Held became confused on the count and called two balls. Elliott advanced towards first base only to be called back. Leard, with Cunningham following closely in his footsteps, left the dugout to have a yarn with Held. Things developed quickly. Cunningham only had a change to say a few words and was quickly hustled off the diamond. Leard remained on the ground with Held, who made a movement to push the Victoria manager off the ground and struck him. Leard went to grips with Held and threw him to the ground. They rolled about and bit the dirt, and when the players managed to separate them both participants were covered with dust. Held showed a little claret on his face. Then followed a little run to the press box to explain things.

The fans were not to be denied the privilege of having a hand in the mix-up. In the heat of the moment they disposed of their pop-bottles, some empty, others half-full. Without consulting their feelings for the rest of the game they threw cushions with a prayer that they would part Held's hair.

Church Kicked Out.

Finally when Held managed to restore order, with a threat to call the game unless his command was obeyed, Elliott took another ball and forced in a run. Jimmie Church, the next man up, disputed the first ball thrown, which Held called a strike. Church struck out and threw his bat against the fence, whereupon he was promptly dismissed from the game. The Capitals were greatly demoralized as a result of the holes made in the infield. Zienke, who went to third to replace Church, made a wild throw to first on his first chance, the ball going into the stands. Carman substituted at second base. Neighbors went to right field and James to centre.

The Fruit-pickers had no trouble in taking the game. Cy Young was no puzzle to the slugging Raymond clan.

Trouble Resumed.

As soon as the game had ended the fans resumed their cushion and bottle attack upon Held. As he made for his dugout he threw a white cloth in the bleachers and it struck a little girl in the face. This irritated one fan to such an extent that he just missed crowning the umpire with a pop-bottle. Held remained in his dugout, a strategic move, until he thought the demonstrators had expended their efforts. It was necessary, however, to rescue the marooned Held in a motor car.

Tigers Coming Back.

Vancouver, Aug. 13.—Tacoma evened up the series with Vancouver yesterday by winning a one-sided fixture by a score of 10 to 0. Edwards, pitching for the winners, had the Beavers at his mercy the entire route. Stevens and Bourg both smacked out home runs in the third, there were two runners on when the game.

Ladies' Water Polo Team Which Will Have Its First Test To-morrow

Victoria has started a movement to have ladies' water polo teams, which is beginning to take hold in other parts of the continent. The programme of the Pacific Northwest Swimming Association has been made to include an event for ladies' polo teams this season. The V. I. A. A. has formed a team which consists of very fast and aggressive players. Mrs. Harold Martin, an English player, is captain of the team.

The players in the above picture will take the water-to-morrow afternoon at the Gorge to try and win the first ladies' water polo championship. Seattle is sending over a strong team to compete against them.

Reading from left to right the persons in the picture are as follows:—W. H. Davis, Miss Doris Grubb, Audrey Griffin, Phyllis Gates, Muriel Daniels, Florrie Gates, Edna Currie, J. T. Braden. Mrs. Martin, captain (sitting).

14. 2nd section fancy diving, men, optional dives.

15. 100 yards, breaststroke, men.

16. 100 yards, breaststroke, women.

17. 1st section fancy diving, women.

18. 200 yards, breaststroke, women.

19. 1st heat, men's water-polo.

20. 2nd heat, men's water-polo.

21. Ladies' relay.

Evening, commencing at 6.30 p.m.

22. 2nd section ladies, fancy diving.

23. 100 yards, men's backstroke.

24. 100 yards, women's backstroke.

25. Men's relay.

26. Final ladies' water-polo.

27. Final men's water-polo.

The contestants, exclusive of the

Portland swimmers, are as follows:

Clara Nikirk, Seattle Y. W. C. A.

A. Wenger, Victoria Y. M. C. A.

F. H. Keeling, V. I. A. A.

Katherine Brown, Seattle Y. W. C. A.

Mrs. R. W. Hiberson, Victoria, A. S. C.

S. J. Charman, Victoria and Island A. A.

Tiny Marshall, J. Barclay, D. Barclay, Gus McKinnon, Archie McKinnon, Jamie Cameron and Gordie Young, Victoria Y. M. C. A.

Audrey Griffin, Mrs. Martin, Mrs. Gaudin, Edna Curry, Muriel Daniels, Frances Bayley, Florrie Gates, Phyllis Gates, Doris Grubb, J. Kinsman, K. Darbyshire, T. Jensen, V. Bond, J. McCrea, Lou Godfrey, Charlie Osborn, Harry Boyd, Frank Lawrence, Irving Blyth, D. Grubb, R. Mitchell, J. Andrews and Keeling, Jr., V. I. A. A.

Virginia Pembroke and Helen Hicks, Multnomah, A. C. Portland.

Doris Christopher and Gordon Daniels, Victoria and Island A. A.

The officials will be as follows:

Judges—Swimming—His Worship Mayor Porter, Hon. John Hart, H. M. Redpath, Hon. Pres. V. I. A. A.; Mrs. W. H. Davies, Chairman, Swimming V. I. A. A.; F. Dillabough, Elks S. C.; R. W. Hiberson, Vic. A. S. C.; F. Higgins, F. M. Stevenson, W. W. Duncan, Y. M. C. A.

Judges Diving, Justice Martin, Victoria; Capt. Cook, Seattle; A. N. Other, Portland.

Scoring Clerk—Mr. Christopher.

Referee and Announcer—Geo. I. Warren, Pres. V. I. A. A.

Starters—Harry Boyd, Al Davies.

Prizes Recorders—Miss B. Landsberg, Miss D. Sutton.

Timekeepers—W. H. Wilkerson, J. Taylor, Max Kilburger.

Men Stewards—C. De Macedo, R. Colpitts, W. Huxtable, J. E. Jacques, R. Mitchell, H. Martin, J. Andros, N. Kennedy, L. Smith, J. Cody, Don Vlekera.

Lady Stewards—Mrs. Curry, Mrs. Shewell, Mrs. De Macedo, Mrs. Gates, Mrs. Lawrence, Mrs. Griffin, Mrs. Warren, Mrs. Jacques, Miss D. Grubb.

Marshall of Events—Supt. W. H. Davies, V. I. A. A.

Arrangement Committee—Music, Mrs. M. Kennedy; entertainment, J. T. Braden; grounds, C. De Macedo; collection, Mrs. Currie, A. Davies; banquet, Mrs. W. H. Davies; equipment, Chas Osborne; reception, Geo. I. Warren.

ST. ANDREW'S TENNIS CLUB TOURNAMENT

Another round of the St. Andrew's Tennis Club's tournament is to be held to-morrow afternoon from 2.30 to 7 o'clock, at which the following matches are to be played:

Mr. Trivett vs. J. G. Simpson.

Aubrey Jones vs. Wallace Goforth.

Miss Dorothy Hay vs. Mrs. J. G. Simpson.

Gordon Stavey vs. Ross Oatman.

Miss Ada Moffatt vs. Miss Helen Bayfield.

Ronald Melville vs. James Ferguson.

All members of the club and their friends are invited to attend. Tea and refreshments will be served at 2.30 o'clock.

France Wins Olympic Classic Bicycle Race

Antwerp, Aug. 13.—France won the 170 kilometre road race, the Olympic bicycle classic, here yesterday. Sweden was second, Belgium third and Denmark fourth. The order of the teams' standing was determined by the times made by the four competitors of each country in the race.

Stenquist, of Sweden, made the best individual time, 280 minutes 14-5 seconds.

Have Dress Rehearsal.

Dress rehearsals for to-morrow's opening of the great Olympic Stadium were held to-day. When the games open Sunday, the various countries will start off with the following points already in their favor:

United States 57, Norway 56, Swe-

VARDON HAS CHANCE TO TAKE U. S. TITLE

Veteran British Golfer Now Leads Field For Open Championship of America

Toledo, Aug. 13.—Harry Vardon, six times British champion, to-day bid fair to carry away the American open title by scoring 54-35-71 for the third round of the open championship, leading the field with 218 strokes for 54 holes.

While a dozen competitors were still playing the third round, some of them were slipping, Walter Hagen taking 41 strokes for the first nine, while Jack Hutchinson took 38. James Barnes, St. Louis; Bobby Jones, Atlanta; Eddie Loos, of Chicago; and Bob McDonald, of Chicago, were next to Vardon with 223.

Chick Evans, formerly national champion, had 223. Jack Burke, of St. Paul, scored 54-37 and was on the heels of the leaders with 224. M. J. Brady, of Detroit, runner up last year, had 227, while Douglas Edgar of Atlanta, and W. C. Fownes, of Pittsburgh, formerly amateur national champion, had 229 at the three-quarters mark. Fownes equalled McDonald's par 71 and also the course record for the long second nine with 34 strokes.

The Elks' Swimming Club has invited the V. I. A. S. C. polo team to play a friendly game with them at the B. C. Electric Bathing Beach at the Gorge Park on Tuesday evening next at 7 o'clock. R. Alcock of the bathing house has kindly offered to supply coffee to the players after the game.

START TRAINING IN EARNEST FOR RACE

V.A.S.C. Swimmers Preparing For Times Race; Polo Practice To-night

The usual Friday polo practice of the V. A. S. C. will be held to-night at 7.30 o'clock. The line-up of the teams will be as follows:

Team "A"—Goal, R. W. Hiberson; backs, G. Wellburn and D. Balnave; centre-half, A. Muir; forwards, J. Clyde, W. Barrist and B. Squire.

Team "B"—Goal, J. McNeill; backs, J. Allan and P. Johnson; centre-half, J. D. McNeill; forwards, L. Plumb, G. Silburn and Dr. Patterson.

On Sunday a long distance swim by club members will be held from the Point Ellice Bridge to the Clubhouse. This is to give practice to those who intend entering in The Times long distance swim. Boats and canoes will leave the V. A. S. C. Clubhouse for Point Ellice at 1.30 o'clock. About ten entries are expected. The distance is nearly two miles.

The Elks' Swimming Club has invited the V. I. A. S. C. polo team to play a friendly game with them at the B. C. Electric Bathing Beach at the Gorge Park on Tuesday evening next at 7 o'clock. R. Alcock of the bathing house has kindly offered to supply coffee to the players after the game.

You Will Enjoy a Swim—

for this is the weather that makes you wish you could live at the beach—in a bathing suit.

Come in to-morrow and ask to be shown these bathing suits.

SELECT FOUR-OARED CREWS FOR REGATTA

Bays and Shawnigan Lake Have Formidable Crews For Regatta on Aug. 21

Word has been received from the Shawnigan Lake Athletic Association that all arrangements have been completed for their big annual regatta to be held on August 21.

The J. B. A. A. boys are working in conjunction with the up-island association to make the regatta a success and intend to take up besides two four-oared crews, a number of canoeists and other oarsmen to compete in the various events on the regatta programme.

The S. L. A. A. announce as their senior four the following: Geo. Kingsley, S. J. Peterson, G. Clark, J. G. Yates, b. c.

This crew is a very formidable one, but the local boys are confident of giving them a hard race.

The Boys' Crew.

The J. B. A. A. crew to race them is composed of H. L. Johnson, S. R. Cummins, J. T. Temple, J. H. Watson, b.

This crew with the exception of the bowmen won the 140-lb. race in the N. P. A. A. O. regatta, and should give a very good account of themselves. The only handicap they are under, however, is the fact that they are a light crew.

Great interest is also being taken

in the junior four-oared race for the Walbank Challenge Cup. Competitors in this race are men who have never won a race before, and, for this reason new men taking to rowing for perhaps the first time have a good chance of showing what they can do.

Junior Crews.

The S. L. A. A. crew is composed of: Burdes, S.; Pullen, J.; Ditchburn, J.; Biglake, b.

The J. B. A. A. crew at present is composed of: Frost, S.; Henshall, J.; de Carteret, J.; Hartley, b. These are new men and from the regular practices they have been having nightly are rounding into good form. It is difficult to make any guesses as to what their chances are, but a good race is assured, and a close finish.

The regatta always winds up with a big dance in the Athletic Hall, and this year is to be no exception to the rule. A first class Victoria orchestra has been secured for the event, and all those taking part in the affair are assured a most enjoyable evening.

KINGSTON STREET TENNIS

The final of the men's singles in the handicap tournament of the Kingston Street Lawn Tennis Club will be played to-morrow afternoon, following which the prizes given for the tournament will be presented. The finalists in the men's singles are Parkes (minus 30%) and Sommer (scr.).

The time for receiving entries for the open tournament of the club has been extended until to-morrow evening, after which the draw will be made and play will commence on Tuesday next.

To-morrow a Kingston Street team will play a match against the Cedar Hill Tennis Club on the courts of the latter.

INGOGS HAVE CHANCE TO WIN VIRTUE CUP

Win Over Victoria To-morrow Will Give Them Possession of Silverware

By Veritas.

There are two interesting cricket games on the card for to-morrow, one at Work Point Barracks, between the Army and Navy Veterans and the Ingogs, and the other at the University School Ground, between the Ingogs and Victoria.

The game of the day is that between the Ingogs and Victoria, at the University Ground. Early in the season the Ingogs gained a narrow victory over Victoria, and "Giddy" Goward's team is anxious to reverse that result to-morrow. The Ingogs will be doubly keen on winning, as a win for them to-morrow will give them the League and the Virtue Cup, whereas if Victoria win there will be interesting possibilities of a play-off at the end of the season between the Ingogs and the Five Cs or the Ingogs and the Congos. Considering the importance attaching to this game and the certainty of a fine bumper crowd at the University Grounds, naturally the Ingogs are looking for a win, but there are those who figure that Victoria are every bit as good as the Ingogs, when at full strength, which they hope to be this week-end. A tight game should result in the Ingogs repeating their previous win by a narrow margin. The Army and Navy will make a

determined effort to finish off the season with a win at the expense of the Garrison, who have already taken two points from the Veterans this season. As the Garrison are just as determined to improve their position as much as possible, a keen game is anticipated, with the chances slightly in favor of the Garrison.

The Teams.

The teams will be as follows: Ingogs—J. Wenman, R. Wenman, G. Kinch, H. Allen, F. Sparks, H. Hewitt, G. Liffon, A. Verrall, Major Taylor, A. Tracey and F. C. Sealey. Garrison—Major Cobbett, Major Hendy, Capt. Clarke, Lieut. Bradbrook, S. Cond. Bourne, Q. M. S. Wyndham, C. Q. M. S. Gale, S. Sgt. Harper, Sgt. Watson, Sgt. Montgomery, Gnr. Ingle. Army and Navy Veterans—C. Preston, H. Warburton, H. J. Young, T. C. Tebbutt, W. Lashmore, L. C. Poudrier, George Leeming, P. Welsh, J. T. Rogers, J. Hillierby and P. King. Reserves, W. F. Frost, F. S. Chevally and W. Baker.

COAST TENNIS PLAYERS IN CANADIAN FINALS

Winnipeg, Aug. 13.—Toronto, Minneapolis and Winnipeg, to one of these three places the singles championship of Canada will go, for, as a result of yesterday's Dominion Lawn Tennis tournament, the four survivors in the semi-finals represent these cities. Toronto is represented by Rennie, while Norton is left to uphold United States and Minneapolis honors. The Vancouver players, Milne and Rhodes, both went down to defeat in the singles to-day, but they came through their doubles draw with colors flying and have reached the finals, there to meet Leistikow and Bennett, the crack local team. One championship at least will go to Toronto, the ladies' singles, in which Miss Best and Mrs. Bickie, both from the Queen City, have proved superior

to local talent and are left to debate possession of the title between themselves. The semi-finals also have been reached in the mixed doubles, in which Miss Maxwell and Bennett, of Winnipeg; Miss Best and Rennie, of Toronto; Miss McDonald, of Vancouver; and Miss Stenson, of Winnipeg, paired with L. A. Froboese, the Quebec champion, are left in the running.

WHITE SOX WITHIN ONE GAME OF TOP

New York Continued to Trim Indians; Reds Back in Lead in National

AMERICAN LEAGUE.

Cleveland, Aug. 12.—New York made it three straight from Cleveland yesterday, winning 5 to 1. The Yankees hit Coveleskie hard in the first. Singles by Ward and Pipp, a pass to Ruth, Pratt's triple and Bodie's double producing four runs.

Babe Ruth, who was carried off the field yesterday with a twisted knee, was back to-day. He walked twice, scoring each time, struck out and grounded out once.

Score: R. H. E.
New York 5 6 0
Cleveland 1 8 1
Batteries: Quinn and Ruel; Coveleskie, Uhl and O'Neill.

Won in Ninth.

Detroit, Aug. 12.—Philadelphia won from Detroit, 3 to 1, in the ninth inning, when a single by Myatt, a base on balls, Perkins's sacrifice and Griffin's double netted two runs and broke a tie.

Score: R. H. E.
Philadelphia 3 5 2
Detroit 1 5 2
Batteries: Harris and Perkins, Ayers and Manion, Stanage.

White Sox Men Top.

Chicago, Aug. 13.—Chicago cut Cleveland's lead in the pennant race to one game when they made a clean sweep of the five-game series with Washington 7 to 2, while New York defeated the league leaders, Chicago, was held to five hits, but they bunched them behind the wildness of Courtney and Zachary.

Score: R. H. E.
Washington 2 7 1
Chicago 5 11 2
Batteries: Courtney, Zachary and Gharritty; Cicotte and Schalk.

NATIONAL LEAGUE.

Boston, Aug. 13.—Cincinnati made it four out of the five from Boston by winning, 5 to 3, in eleven innings, and took the league lead. Boston rallied in the ninth, scored two runs and had two men on bases and none out when Wingo picked off second and Luque picked Powell off first. The winning run was scored in the eleventh on Wingo's single and Groh's double.

Score: R. H. E.
Cincinnati 5 11 2
Boston 3 11 2
Batteries: Eller, Luque and Wingo; Oeschger, Scott and O'Neill.

Hit Two Home Runs.

Philadelphia, Aug. 13.—G. Smith's pitching and Meusel's two home runs featured Philadelphia's 6 to 1 victory over the Los Angeles Angels. Smith allowed only two hits up to the eighth.

Score: R. H. E.
St. Louis 1 4 5
Philadelphia 6 1 1
Batteries: Jacobs and Clemens; G. Smith and Wheat.

Giants Are Bumped.

New York, Aug. 13.—Babe Adams pitched championship ball against New York, allowing only two singles and Pittsburgh won, 2 to 1. In the sixth Adams hit a home run.

Score: R. H. E.
Pittsburgh 2 9 0
New York 0 2 0
Batteries: Adams and Haeffner; Barnes and Smith.

Cubs Beat Dodgers.

Brooklyn, Aug. 13.—Chicago evened the series with Brooklyn by winning, 5 to 4. The visitors knocked Smith from the box in the third and hammered Mamaux for three doubles and a single in the sixth.

Score: R. H. E.
Chicago 5 15 1
Brooklyn 4 11 2
Batteries: Vaughn and Daly; Smith, Mamaux, Mohart and Krueger, Taylor.

Coast League.

At Seattle—R. H. E.
Portland 4 12 0

at the Theatre

ROYAL VICTORIA

Raoul A. Walsh, the famous motion picture director, has added his greatest work to his list in "Should a Husband Forgive," the big William Fox special, which will be seen again to-day at the Royal Victoria Theatre.

Mr. Walsh's recent remarkable picture, the beautiful adaptation of Henry Wadsworth Longfellow's immortal poem, "Evangeline," made his place in the front rank of directors an assured one; but "Should a Husband Forgive" shows an entirely new phase of Mr. Walsh's art. "Should a Husband Forgive" is a 1920 cinematograph, but, thanks to Mr. Walsh's direction, it appeals not only in its powerful dramatic situations, but in the fact that its characters are made living, breathing persons—and in the further fact that it satisfactorily answers a question of interest to all mankind.

Mr. Walsh entered motion picture work as an actor. His most prominent role was that of John Wilkes Booth in "The Birth of a Nation." Since his association with Fox Film Corporation, Mr. Walsh has directed a long list of Fox successes.

DOMINION

James A. Herne's greatest contribution to drama—the pantomime ending of "Shore Acres"—was considered so radical in 1892 that theatrical managers refused to present it.

was tried out at the Boston Museum only through a conspiracy between Mr. Herne and the stage director, a fellow dramatist.

"Mr. Herne's finale in 'Shore Acres' is probably the finest bit of heart reaching pantomime ever done," said Edward Connelly recently. Mr. Connelly, who played in the company of the American actor-dramatist, for five years, enacts Uncle Nat Berry for Metro Screen Classics, in the picture of "Shore Acres," which is now appearing at the Dominion Theatre with Alice Lake as the star.

"McVicker" wouldn't permit the Herne ending during the Chicago engagement," continued Mr. Connelly. "The public wouldn't wait—they'd walk out, he argued. Field said the same thing at the opening of the Boston engagement. His stage manager, Edward A. Rose, was himself a dramatist, however, and he agreed to assist Mr. Herne in an experiment.

So on a Wednesday matinee the play came to the usual ending, but the curtain did not drop. The stage went slowly up the stairs. The old man puttered silently about the room. He closed the shutters and barred the doors. He hung up the children's stockings. Then he took the lamp and went slowly up the stairs. The stage was dark except for the dying embers in the stove. Then the curtain slowly lowered. The audience was hushed for a minute, then broke out in applause. It was what we call now the 'punch' of the play.

Lois Zellner scenarized "Shore Acres" and Rex Ingram directed the production.

VARIETY

There are those who attend the photograph theatre regularly who get a great deal of their enjoyment from the photo-drama offers for their approval. While they are interested in the story which is told they are almost equally interested in the pictured backgrounds which are provided for the action. To this particular class of picture devotees "His Wife's Money," starring Eugene O'Brien, now playing at the Variety Theatre, has an unusual appeal. The opening scenes of the picture were made in the beautiful Ayrondack mountains with their silver lakes, tempestuous streams, and unspoiled forests. Then come scenes from New York, the wonder city of the world, and finally a series of graphic pictures of a typical Western mining camp.

PRINCESS

"Fair and Warmer" which opened Wednesday night at the Princess Theatre has been delighting the patrons at each performance. It is decidedly the greatest comedy success that New York has produced in a number of years.

The Players are all cast to advantage, and Walter Seigfried, the new member of the company who is making his first appearance with the Mildred Page Players in the role of Jack Wheeler in "Fair and Warmer" is living up to all the splendid things reported of him.

Miss Guilbert is back after her week's absence, and she is her usual charming self in the sprightly mad part she is playing.

William Campbell is doing a clever

bit of character work as the muscular express man in the last act.

Miss Page and Mr. Alden are handling their difficult parts in a manner to gain the praise of even the most critical mind.

"Fair and Warmer" is well worth seeing, the gowns, the scenery, the acting are all just what the play requires, and there is not a dull moment during the whole evening.

COLUMBIA

"How you goin' to keep them in Paris after they've seen the farm?" That's the way the popular ragtime tune will have to be re-written if "Paris Green," the picture at the Columbia Theatre this week, is presented. The facts, Charles Ray is the star. As Luther Green, doughboy, Charlie spends a crowded hour in Paris and meets a pretty girl named Ninon. Later, when he has been discharged from the service and is once more back on the farm, Ninon journeys to America to live with an uncle. But to escape a couple of sharpers, she goes straight to Quigley Corner, where Luther is raising the hay, and once among the cows and chickens, she is forever lost to Paris and the boulevards. "Paris Green" presents Mr. Ray in a role that fits him like a glove. And Ann May makes a charming heroine. Jerome Storm directed the picture for Thomas H. Ince and it is a Paramount Aircraft release.

PANTAGES

With its vivid coloring, remarkable scenic setting and timely concoction of luring music "The Kremlin of Moscow," featuring this week's bill at the Pantages, is attracting much comment, while the dancing of Morris Golden and his associates is one of the outstanding successes of this week's programme.

Josephine Davis, in gorgeous gowns, puts over some clever song numbers in a decidedly individual way and is assisted in her scoring one of the big hits of the bill by a lively jazz violinist and a pianist of more than ordinary capabilities.

Shepp's comedy circus is one of the funniest and most entertaining animal performances of the season. The dogs are trained in unusual tricks and the monkeys, especially the "nut cracker," are a riot of fun for the youngsters.

Harvey, Henry and Grayce have a speedy little act of chatter, singing, dancing and instrumental music that is proving popular with the Pantages crowd.

Fargo and Richards, a young man and an attractive girl, entertain with a musical comedy novelty that gets much applause.

Lucille Carlisle, who has been leading lady for Larry Semon in many of his Vitaphone comedies, is cast as "The Leading Lady" in his latest production, "The Stage Hand." Larry himself, however, has the title role, being cast as "The Stage Hand." The comedy deals with fun on a vaudeville stage.

There's No Waste
In Your Table Beverage
when you use

Instant Postum

Aside from the pleasing coffee-like flavor of this wholesome, healthful table drink, its quick preparation makes it worthy of your notice.

Instant Postum can be made a cupful at a time if desired. Its strength can be varied from strong to mild according to the amount dissolved in each cup.

Economy should rule today and very likely will rule more strongly in the days to come.

EDITH ROBERTS IN SOUTH SEA ROMANCE

An entrancing tale of romance in the South Sea Islands is "The Adorable Savage," the latest Universal vehicle for Edith Roberts, which will be seen here in the Fall.

In this new Universal feature Edith Roberts is seen in the role of Marama Thurston, a young girl who has completed her education in an American boarding school and returns to her home in the Fiji Islands, which she has not seen since she was a child. Although Marama remembers her father as an American, she does not know that he was married to a native woman.

Her tragic despair on learning the truth is followed by a mad desire to renounce her training and revert to the semi-savage state of her maternal ancestors. In this she is encouraged by Ratu Madri, hereditary ruler of the island.

Templeton, a young American living near the Thurston plantation, falls in love with Marama and tries to persuade her to live the life to which her instincts and training entitle her as the daughter of an American.

A bitter struggle then ensues between the white man and the native ruler. At times it is a game of wits between the two men, and finally it develops into a most spectacular physical battle, with Marama as the stake. Human cunning and the natural elements become factors in the struggle, a tropical hurricane and a shipwreck entering into the development of the story.

Edith Roberts, whose skill has been proven in a dozen successful photoplays, is said to give a remarkable performance in the role of the half-caste girl, torn between two emotions. Jack Perrin makes a decidedly good looking hero, while the role of the chief is played by Noble Johnson, of gigantic stature and physical prowess. Other well-drawn characters are portrayed by Richard Cummings, Arthur Jervis, Lucille Moulton, Lillian Phillips and a host of others. The story is from the novel "Marama," by Ralph Stock.

VETERANS CHOOSE SOME NEW OFFICERS

At a big meeting of the Army and Navy Veterans last night Comrade "McKendrick" was elected to the second vice-presidency, while Comrades F. T. Tanner and D. J. Clark were chosen for the positions respectively of naval and army councillors. Comrade E. J. Down was appointed honorary-treasurer of the general fund.

The meeting last night spent a considerable part of its time hearing with interest a speech by Secretary H. J. Young, who roundly censured the Federal Government for its handling of the returned soldier problem. He reviewed the legislation which had been passed for the purpose of assisting returned men, and commended the Government's intention to undertake more adequate supervision of the after-care of neurasthenic and gunshot cases. Comrade Young also mentioned of the new limit in which application may be made for the war service gratuity, September 1, of this year. He referred to the injustice being meted out to Veterans in connection with the administration of the workmen's compensation Act in local hospitals. As a result a committee of three members was named to co-operate with the Harbor Marine Veterans Association in threatening the matter out.

The meeting received definite information that the Dominion convention of the Association would be held here beginning October 11.

WHY HE DIED RICH.

No long ago an old fellow died out in Kansas, leaving a barrel of money. He had a household of children—ten or a dozen. It cost considerable to feed them. The old man evolved a scheme. He would say to the children in the evening, "Now, how many of you will take a dime and go to bed without supper?" They all took a dime and went to bed hungry. Next morning the old man would say, "Now, children, how many of you will give me a dime for a nice, warm breakfast?" And, of course, they would all cough up their dimes. The old man said the most of his children's supper. This was just one of his schemes; he had others. That's why he died rich.—Boston Transcript.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the over-development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisulphated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisulphated magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestion. It is a natural food element, and so is so certain to ask for and take only Bisulphated Magnesia, which is especially prepared for the above purpose.

TROPICAL PRODUCTS OF THE PHILIPPINES

U. S. Trade Commissioner Speaks of Conditions in Islands

"The people of the United States did not realize the extent to which they had become more or less dependent upon tropical products until the ship shortage during the war brought it home to them in part. Even now this is not fully realized by those who should know the extent to which tropical products, especially raw materials, are a factor in the industrial life of the nation. Our manufacturers, to a large extent, have been content to buy through third party nationals rather than go direct to the producers, or at least purchase through American importing concerns. The result is that the world market, and this it must do, soon, it will find itself handicapped because it pays more for raw materials. Furthermore, in some instances, it may be shut off, in part or altogether from sources of supply. It is, therefore, quite vital that American business organize so as to deal direct with the producers of raw products. If such materials may be secured or their production developed in the Philippines, politically associated with the United States, they should be purchased from that source," says Paul F. Whitman, United States Trade Commissioner, who has just returned to the United States from the Orient, where he has been during the last two years.

Mr. Whitman adds that the potentialities of the Philippines have been little more than touched and that with sufficient capital and enterprise could be made to produce as much sugar as Cuba, and enough rubber to make the United States independent from foreign sources. Manila hemp is a natural monopoly of the Philippines, no other country can produce the like of it. Coconuts thrive in all parts of the archipelago, and the honor of being the world's greatest producer of coconuts belongs to the islands. In short, there is no commodity of tropical origin that cannot be advantageously grown and produced in the Philippines. The fact is significant when it is realized that the United States alone consumes yearly about two and one half billion dollars worth of tropical products.

ART OF REFUGE FOR EXTINCT SPECIES

Sokotra, at the entrance to the Red Sea, has been an ark of refuge for an exiled terrestrial flora and fauna. To the botanist its vegetation will afford special delight because of the presence of so many and such varied forms of plants of ancient lineage. While 70 per cent of its genera occur in no other land, of their nearest relatives some live in Asia, Central, and South Africa, and the Mascarene Islands, yet others show affinity with the southern South American flora. A large number of them are remnants of the most primitive forms—the dragon's-blood trees (Dracena) immediately arrest the eye dotted over the landscape, many of which are not more than 5,000 years of the Canary Island Dracena draco; the Adenium with its arched stems but beautiful flowers; the acacia-like tree, and the pomegranate. The frankincense and myrrh trees and the aloes bushes are of age-long fame. A golden species of hibiscus, a rock-rose, begonia, and sweet-scented saffron exclaims—the progenitors of our prized autumn-flowering forms of these two genera—are among the most captivating of its inflorescences. The fauna, less distinctive, perhaps, than the flora, nevertheless contains numerous endemic birds and a large proportion of indigenous invertebrate species. Reference has been made to the cattle and to their possible ancient ancestry, and this probability is increased by the presence of a graceful, beautifully marked ass, which roams the western plateau, identified not with the forms inhabiting the nearest shores, but with the Arabian sub-species, probably also an escape, or a gift to the island from the Great Queen's fleet. Strangely enough, it is considered a beast of burden by the natives, who nevertheless constantly employ the common domestic species, that they will not willingly even touch the creature alive or dead. Civet cats inhabit the rocks, and their perfume, beloved by the natives, pervades overpoweringly, even disgustingly, the people and their resorts.—The London Times.

Civet cats inhabit the rocks, and their perfume, beloved by the natives, pervades overpoweringly, even disgustingly, the people and their resorts.—The London Times.

CROSSING THE LINE.

From the accounts of the manner in which the Prince of Wales was initiated into the company of those travelers who have "crossed the line," it is not surprising that he should have brought him any softening of the full ritual.

He is described as submitting to all the lathering, shaving, and ducking that is required, though Captain Marryat, in the well-known description of the ceremony that is given in "Frank Midway," adds that "officers escape paying a fine in money or rum."

The whole ritual dates from the day of sailing ships; and was observed by the crews of men-of-war, merchant ships, and whalers; indeed, in those days the sailor who had not crossed the line and submitted to it was not regarded as having completed his nautical education. There seems to be no particular reason for the practice beyond a natural readiness to seize an excuse for enlivening a long voyage by a very practical sort of joke.

DAMAGE BY RATS IS VERY EXTENSIVE

The rat is responsible for more deaths among human beings than all the wars of history, according to David E. Lantz, assistant biologist of the Bureau of Biological Survey, who calls the house rat the most destructive animal in the world.

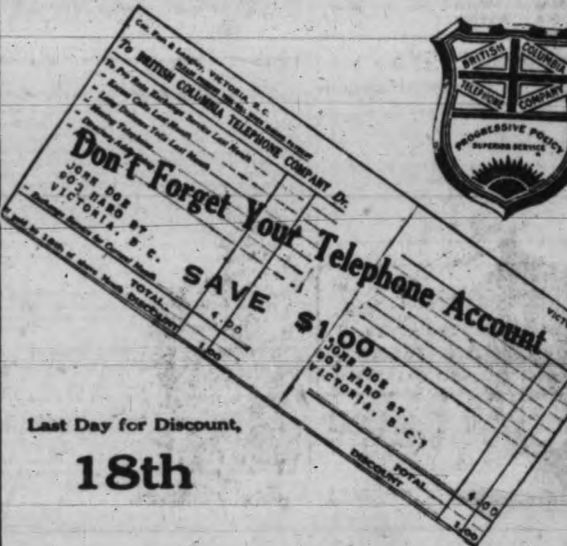

"Not all the fatal epidemics of the past were bubonic plague, but enough of them have been so identified to show that almost every century of the Christian era has had at least one great pandemic of this scourge which has devastated millions of the world's population," he says in a report to the Department of Agriculture.

The great plague of London, which killed more than half the inhabitants that did not flee from the city was, by no means the worst outbreak recorded. The plague killed "black death" devastated Europe for fifty years of the fourteenth century, destroying two-thirds to three-fourths of the population of large territories and one-fourth of all the people, or about 25,000,000 persons.

"Since 1896 plagues have carried away nearly 9,000,000 of the population of India alone. The disease is still entrenched in Asia, Africa and Australia and South America, and cases of it have occurred in Europe and in North America.

"Through the flea that infest them, rats are almost wholly responsible for the perpetuation and transmission of bubonic plague, and it has been proved also that rats are active, although not exclusive, agents in spreading pneumonic plague. Only the prompt measures taken by the United States Public Health Service against their animals prevented disastrous epidemics of plague in San Francisco, Seattle and Hawaii in 1909, in Porto Rico in 1912, and in New Orleans in 1914.

"The economic loss due to rats is astounding. No extensive or exact statistics on the subject are available, surveys of conditions existing in a few of the older cities of the United States show that losses due to rats are almost in exact ratio to the populations. In rural districts the losses are much greater in proportion to inhabitants than in cities.

Last Day for Discount, 18th

the victim of a 'rag' of this kind.—

Collapsed in Court.

Windsor, Ont., Aug. 13.—Found guilty of violating the Ontario Temperance Act by being in possession

of half a pint of whisky, William R. Brown, a Michigan Central Railroad fireman, of St. Thomas, collapsed when Magistrate Meyers warned him that the offence was punishable by a maximum fine of \$2,000 and six months' imprisonment. The magistrate deferred sentence and Brown was carried from the court room.

Thin People Need Phosphate Most in Hot Weather

Apt to Take on Good Healthy Flesh Even on Sweltering Days if Pure Phosphate is Taken with Meals.

Druggists Dispense Nitro-Phosphate Because It is Real Organic Phosphate.

Thin men and women, nervous and constipated, who want more energy, ambition and power of endurance, are just the people who will find a helpful friend in Nitro-Phosphate which is undoubtedly just what you need, blood and bone cells are beginning for.

Phosphorus is a very important element of every living cell in your body. Without the necessary supply, keen minds grow dull and often stupid; old-time ambition vanishes and a wretched feeling of exhausted power supplants that once-for-all demoralizing spirit so necessary to success in these strenuous times.

Nitro-Phosphate feeds the nerves direct with the phosphorus food elements they crave for.

As evidence of results in cases of thin, exhausted people, clinical tests in St. Catherine's Hospital, New York, showed that two patients gained in weight, one 25 pounds and the other 37, while organic phosphorus was administered, and both patients claim they have not felt so well and strong in the past twelve years.

Such tests as those lead Frederick S. Kelle, M. D., Editor-in-Chief of Physicians' and Surgeons' Circular, a well-known medical journal, to remark: "If I had my way Nitro-Phosphate should be prescribed by every doctor and used in every hospital."

And Joseph D. Harrigan, former Visiting Specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic or run-down, take a natural, unadulterated substance such as Nitro-Phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Nitro-Phosphate (the inexpensive organic phosphate) for those who are anxious to improve their health is dispensed by all leading druggists in the original package.

MUTT AND JEFF

It's Lucky For Jeff That Mutt Reads the Papers.

(Copyright 1920. By H. C. Fisher. Trade Mark Reg. in Canada.)

B.C. Land & Investment Agency, Ltd.

Agents for Phoenix Assurance Company, of London, England.

At last—an opportunity to buy a piece of acreage in the suburbs at a reasonable price and upon convenient terms.

An opportunity to go into the business of growing small fruits (including strawberries), and the raising of chickens with the ultimate goal of independence.

The Property Comprises 200 Acres of the Sayward Farm

and prices range from \$125 per acre. One-quarter cash.

Write, phone or call for plan—do it today.

This is not a subdivision in the bush nor one of difficult access to the city (it's only 8 miles out). It is a close-in subdivision where values are bound to increase owing to the demand for property in this and other parts of the Saanich district. The demand is keen for both residential and agricultural purposes, for people are realizing that it is far healthier and cheaper to live outside the city.

With the reasonable prices and terms we are asking we expect quick disposition of this land, and the present indications are that it will take but a few weeks to dispose of it.

Don't forget to write, phone or call for plan and any further particulars you may desire.

NOTE—This property commands a beautiful view, overlooking Elk Lake, the Straits and Islands.

Phone Your Classified Ads

For the convenience of classified advertisers The Times has inaugurated a new system in this department. In future, all transient classified advertisements will be absolutely on a cash-in-advance basis, but all those advertisers who cannot conveniently come to The Times office may phone in their ads, and The Times Want Ad Boy will immediately call for the money. This will avoid book-keeping charges, and at the same time place every advertiser within easy reach of The Times office.

SAANICH—Small country home of 1 1/2 acres, situated close to the house, suitable for retired gentleman and wife. The property is in all kinds of small fruits, currants, lemons, raspberries, strawberries, etc. Chicken houses and other small outbuildings. There is an absolutely first-class, modern bungalow, consisting of living room, built-in cupboards; bathroom, all modern conveniences; 2 bedrooms with clothes closets. The water is laid on from waterworks. The house was recently done up inside and out, and is in A1 condition. More acreage could be obtained, if required. You have to see this to appreciate it.

\$1,100—SAANICH—Sit and a quarter-acre, all cleared and under crop with the exception of about 1/2 acre which is in corn. There is a quantity of small fruits, barn for four head, four chicken houses, two colts, four-roomed bungalow in good condition. Water supply from well. Included in the price are 200 chickens, horse, three cows, 200 head of cattle, pig, wagon, milk cans, churn, etc. Adjoining acreage may be purchased. If required, 2 value the stock at \$700. Five minutes walk to B. C. Electric.

GORDON HEAD—Five acres, all under cultivation in full bearing, large and small fruits, loganberries, raspberries, etc. There are four rooms with open fireplace, 7 whole property commands a lovely view of the water and mountains. Water supply at present from well. This property is producing a good revenue and is well suited to be increased. For price and terms apply to this office.

SAANICH—Ten acres, all cleared and under crop, with 1,100 feet of water frontage. There is about an acre in large fruits, and cherry, plum and apple trees. Splendid barn, granary, chicken houses, pigsties and garage. Four-roomed bungalow in good condition. Water supply from well. The whole farm is drained. Price \$420 per acre, terms.

\$1,100—FOR ONE WEEK ONLY—This six-room house has never been offered at this price and is now sold for \$1,100. It consists of reception hall with built-in buffet, bright kitchen and pantry; and upstairs there are three bedrooms, a bathroom with good fittings, and bath and cupboards in an easy cash payment, balance arranged.

\$1,100—A SIX-ROOM HOUSE that has been put up for quick sale to clear up an estate. Large room, fine, large, open, tiled fireplace; plenty of windows with an unobstructed outlook; full cement basement and furnace. Lot is extra large, with several bearing fruit trees, good soil and attractive fencing all around. Taxes less than \$10 per year. This also can be had on easy terms.

\$2,700—THIS IS A 6-ROOM HOME on Cook Street, surrounded by good houses, within easy walking distance of the centre of the city. There is cement basement, furnace, fireplace, and the lot is 60x125. The street is paved and there are only two payments yet to make in the local improvement tax. Terms arranged.

\$4,150—WE CAN POSITIVELY RECOMMEND THIS to you for low price. The first floor has reception hall with hardwood floor, paneled walls, and built-in buffet, large windows, pretty archways and mantles. Granite fireplace, dining room with paneled walls, beam ceiling, built-in buffet and a French window to a balcony. Kitchen, pantry, also sawing room and an attractive dining room, large and bright, with 3 closets and built-in length mirror. Upstairs there are two very fine bedrooms and large sleeping porch. HOT WATER. Full size cement basement. Outside design of typical bungalow type. Immediate possession can be given.

\$1,550—CASH, REQUIRED ONLY \$150, balance \$15 per month; 4-room, modern, with full basement, all the rooms in first-class shape and with electric light, water and sewer. This will make you a good home at payments like rent.

Live By the Sea

Here is one of the cheapest suburban homes to be had on Vancouver Island. 7.15 ACRES. On the waterfront, close to Sidney, land is all cleared, level, no rock, no good road, excellent view of the Gulf Islands; large, well-built house of 12 rooms, has large drawing room, billiard room, large dining room and several bedrooms, big garage or stable, poultry house, tennis court. The property would make an excellent small fruit farm, but is particularly adapted for the purpose. Owing to special circumstances the price is offered at the extremely low figure of ONLY \$2,000.

The house could not be built for the price asked. We have photographs and will gladly show them to anyone interested and give full particulars.

Here is a Good Buy
A nice, cozy, compact, little house, to a good location, close to a car line. This attractive little home consists of: a roomy entrance hall, living room, dining room (12x12), kitchen, 2 bedrooms (11x12), and a bathroom. The lot is 60x125, which could also be used as a living room; well fitted pantry with built-in cupboards and a small separate kitchen. House is in first-class condition and is in first-class condition. All the rooms are particularly large, which gives the place a bright, pleasant appearance. Large lot (60x125) with splendid garden, all kinds of vegetables, flowers, berry bushes, etc. This is really a nice little place and we consider it very good value at ONLY \$2,500.

FOR RENT—We have a fully furnished, 6-roomed, modern house for rent in one of the best parts of Oak Bay. Immediate possession.

WE ALSO HAVE many desirable country homes, water frontage, etc. It will pay you to call and see us. We are always pleased to show you around.

DON'T FORGET THAT FIRE INSURANCE.

Two Good Buys

\$2,000—ONE OF THE VERY NICEST BUNGALOWS in the city, containing 4 beautiful rooms, artistically decorated. Living room, which is large, is paneled with cedar; bath and toilet have the best of fixtures. At the front there is a conservatory or sun-parlor. The lot is 60x125, number of fruit trees. We can readily recommend this. Clear title; reasonable terms.

\$2,000—A SPLENDID 6-ROOM BUNGALOW, large living room with fireplace, 3 fair sized bedrooms, large kitchen, bath and toilet; full basement, built-in cupboards, all kinds of fruit trees, etc. of land, close in. The lot alone is worth considerably more than this price. Very reasonable terms can be had.

Terms of sale, cash. The boat can be seen on application made at the Causeway Boathouse, James Bay.

F. G. RICHARDS, Sheriff, Office of Victoria.

Shirley, Office, Victoria, B.C., August 12, 1920. No. 416.

Announcements

Announcements under this heading will be inserted at the rate of 30. per word per line.

Dr. T. J. Jones, Dental Surgeon, removed to corner Rockland and Linden Avenues. Phone 2119.

Dance—Alexandra ballroom, Saturday, August 14, Ozard's orchestra.

Natural History Society—Field meeting Saturday, 14. Take Interurban car at 10 a.m. alight at rifle range. Proceed on foot to Fourth Lake, where the party will meet the botanical students from Chicago.

Indicates a decrease of 550,251 bushels in wheat, oats, flax and rye. Decreases are shown of 498,320; 49,832, 321 and 1,628 bushels respectively. A small increase is shown in barley, of 63 bushels.

The United States Atlantic seaboard ports show a decrease in barley of 34,657 bushels, while rye shows a small increase of 51 bushels.

In the public elevators in the East the quantity of grain in store has decreased by 560,768 bushels. Decreases are shown of 392,474, 131,673 and 36,621 bushels respectively. Flax indicates an increase of 23,456 bushels. The movement of grain by water for the month of July is as follows: Wheat, 4,782,681 bushels; oats, 258,144 bushels; barley, 547,670 bushels; flax, 111,655 bushels, and rye, 54,549 bushels. The Lower Lake ports received 4,782,681 bushels of wheat, 220,144 bushels of oats, 512,171 bushels of barley and 54,549 bushels of rye.

FOREIGN TRADE OF

NEW ZEALAND

Business During 1919 in Southern Dominion Has Been Exceptional

The foreign trade of New Zealand has shown a remarkable growth during the past year, the exports having increased in value by about 55 per cent. and the imports by about 25 per cent. A close study of the trade conditions in the colony shows that New Zealand is enjoying a period of great prosperity and that the small farmers and cattle raisers are being benefitted just as much as the large traders. In the towns and cities the artisans and employees have been able to purchase their own homes and on every side there is evidence of comfort and good times. The future outlook is, of course, dependent on the foreign markets for New Zealand's products. Large stocks of wool and frozen meats are at present held by the Imperial Government and it is believed that if these are handled with discretion and foresight the farmer, grazier and trader in New Zealand should continue to enjoy a liberal reward for his labors.

For many years past the trade figures of New Zealand have been very encouraging, but the figures for the past year surpass those of any previous year by a wide margin. The great gain in export values has resulted in an increase in the buying capacity of the country, with the result that importers have had considerable difficulty in meeting the demands that have been made upon them. At the present time stocks in many lines are low. The value of imports and exports for the past five years was as follows:

	Imports	Exports
1915	\$21,728,834	\$21,718,912
1916	25,382,282	32,386,957
1917	29,919,259	39,683,159
1918	31,323,944	38,473,497
1919	36,671,439	52,651,670

It will be seen from this table that the balance of trade has been consistently in favor of New Zealand, but the favorable trade balance in 1919 was many times greater than in any previous year.

The great bulk of the export lines are controlled by the Government and the detailed figures for 1919 are not yet available. The principal items of export are wool, frozen meat, cheese and butter. The wool clip for the season 1919-19 was 567,379 bales of an average value of 4.25 per bale. The frozen meat trade expanded considerably during the past year, due in part to the improvement in shipping conditions. The following figures will show the shipments:

	Per ton. Per 100
Wheat	\$5.75
Barley	4.00
Ground Barley	4.00
Oats	4.20
Crushed Oats	4.30
Whole Corn	4.40
Cracked Corn	4.50
Feed Corn	4.60
Scratch Feed	4.70
Timothy Hay	4.80
Alfalfa Hay	4.90
Alfalfa Meal	5.00
Straw	5.10
Brass	5.20
Shorts	5.30
C. N. Meal	5.40
C. N. Cake	5.50
Chicken Chop	5.60
Chick Feed	5.70
Oat Cake	5.80
Oyster Shell	5.90
Ground Bone	6.00
Beef-Skin	6.10

FISHING FOR BIRDS.

An angler was recently surprised when he visited his line, which had been left over-night, to find that he had caught a bird instead of a fish.

Fishing for birds is the practice in some countries. In Canada the fishermen bait the inhabitants fish for the bee-eater. They use a fine silk line at the end of which is a fish-hook, and to the fish-hook is attached a wild bee. The bee in its efforts to escape scurries into the air, when the bee-eater immediately swallows both the bait and the hook, and in its turn becomes the prey of the fisherman.

Another method of catching birds by means of a line is adopted by shepherds on the Sussex Downs. The wheatear is found in these parts in large numbers. A hole is cut in the turf and at the ends of the hole horsehair nooses are arranged. The birds, when frightened, drop to the ground and seek shelter in the holes, when they are immediately caught by the tightening of the noose.—Tit-Bits.

News of Markets and Finance

of frozen meat during the past five years.

Year	Pounds.
1915	272,396,000
1916	266,027,000
1917	272,602,000
1918	227,828,000
1919	414,754,000

—(By Burdick Brothers, Ltd.)
New York, Aug. 12.—The market here today exhibited an appearance of firmness, which was consistent with the liquidation of the market. In view of the fact that the market has been a declining one and in addition a liquidating one since early last Fall, there are not a few who believe that the market is at present showing a substantial recovery in quotations. For a while, however, events in Europe will have to be given an extreme amount of consideration.

POTATOES SHOW A SLIGHT DECREASE

But Bananas Make Another Jump in Price; Retail Lists

Housewives will note with considerable satisfaction a slight drop in the price of new vegetables. Potatoes are now being sold at 8 pounds for 25 cents, carrots and turnips at 10 cents a dozen, and asparagus at a corresponding decrease. Bananas are still sky-high, having jumped 10 to 15 cents a dozen.

STOCKS IMPROVE IN WALL STREET

(By Burdick Brothers, Ltd.)
New York, Aug. 12.—The market here today exhibited an appearance of firmness, which was consistent with the liquidation of the market. In view of the fact that the market has been a declining one and in addition a liquidating one since early last Fall, there are not a few who believe that the market is at present showing a substantial recovery in quotations. For a while, however, events in Europe will have to be given an extreme amount of consideration.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Aug. 12.—The demand for cash oats to-day was limited, with the withdrawal of Eastern buyers from the market. Oats were dropped about 1 cent. The other grains were in demand, but offerings continued light. Oats closed 1 cent lower for October, 1 1/2 cents lower for December, and 2 cents lower for May; barley 1 cent lower for October and 1 1/2 cents lower for December; flax 1 cent lower for October and 1 1/2 cents lower for December; and rye unchanged for October, 1 cent lower for December, and 1 1/2 cents lower for May.

MEN WHO DIED LAUGHING.

Like Charles II., many men have died with a jest on their lips, but there are not many cases in history of people actually dying from laughing too heartily at a joke.

This, however, was the sad fate of Marquis of Aragon, who reigned from 1394 to 1410. He had a favorite jester called Borna, who, it is said, had immense influence with the King.

One day the King was suffering from indigestion, brought on by too greedily devouring a goose. As he lay groaning in bed, Borna came skipping into the royal apartment

BONDS FOR SAFETY

THE conservative investor, as distinguished from the speculator, demands safety rather than risk and a large profit. There is a margin beyond which he will not go. The shrewd investor demands security of principal and assurance of interest as well. The bond is the only investment presenting all these features. It is a high-class Municipal, Provincial and Government security, and it is a high-class investment.

Dominion of Canada

the King once remarked that he thought they had better change places. Jean looked very angry at this proposal, and Charles thereupon asked him if he were not content with the idea.

"Oh, content enough," said he, "but I should be exceedingly ashamed of having such a fool."—Tit-Bits.

A better joke was made by another fool named Jean, who made merry in the court of Charles the Simple, King of France. This fellow was exceedingly trying to Charles's nerves, and gave his master a great shock by rushing into his room one morning exclaiming: "Oh, sire, such news! four thousand men have risen in the city."

"What?" exclaimed the startled ruler, "with what purpose have they risen?"

"Well," said Jean, "probably with the intention of living down again." Jean's influence was so great that

SAANICH AND ITS ROAD CONTRACTS

Council Criticizes Change of Plans in Repair of Bitulithic Paving

"The trouble is that we are suffering from an overdose of efficiency," said Reeve Watson to his colleagues in the Saanich Works Committee, when some criticism came up about the non-execution of council orders in the works department, during last evening's meetings.

Councillor Pim said the instructions issued did not reach the men very quickly.

The clerk declared every minute of instructions was forwarded to the engineer. He wished it to be understood there was no slackness in his department.

Councillors remarked that many works ordered had not been carried out this year. An explanation, they said, was desirable.

Mr. Milne was not present, so no reply was forthcoming.

Road Repairs.

The Council proposed to ask the head of the Warren Construction Company to come to Victoria, and look into the way the repairs to the bitulithic paving are being carried out before the guarantee by the company expires this fall.

"There is but a syllable in the specification in connection with the nature of material as now in use for repairs," stated Reeve Watson, "and where the engineer got his authority to go on in that way I do not know."

The Reeve declared that the specifications had not been respected and material ordered for the work was on hand while the contracting company was in fact using other material for the work.

The majority of the Council were not satisfied, and decided to table the matter reported upon by Mr. Milne until he was present to explain the situation.

The Reeve then read a clause in the specifications which said that any deviation from the contract must be authorized by the engineer. Under these circumstances he moved for a report from the engineer on the matter, which resolution was adopted without discussion, asking for reasons for varying the specifications.

DEPRECATE FAILURE TO LOWER PREMIUMS

Saanich Council Thinks Companies Should Recognize Better Conditions

Saanich councillors pointed out in council last evening that in spite of improvements to the fire service of the district, by a water installation in the suburbs parts, and a fire apparatus, the fire insurance companies were not lowering the premium rates to customers of insurance.

The matter arose when Clerk Cowie asked for a direction with regard to renewing \$9,000 insurance, part of that carried on the Municipal Hall and contents. Mr. Cowie pointed out that with some twenty-five public buildings, chiefly schools, in the municipality, the time appeared to be coming when the municipal council should establish its own fund. It was impossible to say how many thousands of dollars had been paid in premiums since incorporation in 1906, but so far only \$500 had been returned in connection with loss at a school fire some years ago, he explained.

Councillor Terrell spoke strongly on the desirability of the fire companies lowering rates, with decreased hazards.

As it appeared to be necessary to have some legislation, the policies were ordered to be renewed.

High School Tuition Fees.
Without prejudice to the reference to a judge regarding some arrears of High School fees, the Council last evening passed a bill for \$2,392 for the tuition of 103 pupils in the City High School.

Ward One Ratepayers.
The council filed, without comment a resolution from the Ward One Ratepayers Association, already reported in The Times, asking for the engineering staff to be dispensed with.

Troubles With Oil.
The Council decided to admit no liability for an accident on the Cordova Bay Road, when the automobile of William J. Hendry skidded on an oiled road which had not been sanded.

The Reeve said he passed the scene of the accident soon afterwards, and while the oiling had not been followed up with sand, he thought proper care would have avoided an accident, at any rate he did not have trouble in coming down hill.

Councillor Henderson believed the best course would be to close roads between oiling and sanding, which could only be a short time.

WOULD LIKE TROPHIES FOR HEIGHTS AROUND CITY AS WAR MEMORIAL

Saanich Council desires to receive its share of the war trophies, which were promised some months ago, and for that purpose a resolution was passed at the meeting last evening requesting J. C. McIntosh, M.P., to intervene to the War Trophies Commission.

Pieces of ordnance on the summits of Mount Douglas and Mount Tolmie hills, both public property, were considerable desirable.

Councillor Terrell hoped they would secure some trophy of this nature for the War Memorial Park, Shalbourne Street.

TOTAL COLLAPSE.
"She dropped her eyes."
"That must have been the time her face fell."—Baltimore American.
